Dr. Lavu Rathaiah
Founder & Chairman
Vignan Group of Educational Institutions

Greatness Inspired
Our Chairman

Dr. Lavu Rathaiah, Founder and Chairman of the Vignan Group of Institutions, is a visionary educationist who has profoundly shaped the educational landscape of Telangana and Andhra Pradesh. Rising from humble beginnings, he transformed educational challenges into a lifelong mission to make quality education accessible to every student.

His philosophy of holistic learning - shaping the mind, character, and spirit of every student - has redefined education by fostering not only academic excellence but also resilience, creativity, and transformative personal growth.

Through his relentless dedication, he has shaped countless leaders across diverse industries, provided life-changing opportunities to many families and communities, inspired educators, empowered generations of students, and left a lasting legacy that continues to transform the aspirations and futures of young minds.

Under his leadership, Vignan has grown from a modest tutorial center into one of the state's largest educational hubs, spanning schools, colleges, and a deemed university, thereby raising academic standards and contributing to the socioeconomic development of entire communities.

Greatness Renewed
Our Vice-Chairperson

Lavu Rani Rudrama Devi garu, Vice-Chairperson of the Vignan Group of Institutions, is a leader dedicated to shaping the future of education. Recognised as one of the Top 100 Women Achievers of India by India Today in 2023, she is a leader par excellence with a deep understanding of the evolving educational landscape.

With unwavering dedication to keeping Vignan not only relevant but also ahead in the 21st century, she brings strategic vision, innovative thinking, and a keen sensitivity to students' needs to every initiative. Deeply committed to fostering creativity, critical thinking, and holistic development, she works tirelessly to empower students, inspire educators, and strengthen Vignan's positive impact on communities across Telangana and Andhra Pradesh.

Smt. L. Rani Rudrama Devi
Vice-Chairperson
Vignan Group of Educational Institutions

28 ACRED RESIDENTIAL CAMPUS

A/C & NON A/C HOSTEL FACILITY

WHAT SETS US APART!

HEALTHY SPACES

Vignan's Prabodhananda Prashanti Niketan (PPN), located in Ghatkesar, is the flagship institution of the renowned Vignan group of schools. Established in 2001, the residential campus spans 28 acres of lush greenery and has earned a reputation for excellence in education and facilities. PPN provides a nurturing environment where students are encouraged to grow academically while also developing spiritually, physically, and creatively.

Our holistic framework emphasizes academic achievement, sporting abilities, creative talents, and leadership skills, ensuring that every child is prepared to meet future challenges with confidence. Over the years, PPN has emerged as one of Hyderabad's most promising educational institutions, recognized for its commitment to shaping well-rounded individuals who excel both in learning and in life.

CBSE CURRICULUM

The CBSE (Central Board of Secondary Education) curriculum is widely respected for its comprehensive approach to education, emphasizing academic rigor, skill development, and practical application. The curriculum is designed to provide a well-rounded learning experience, aligned with the latest educational standards and promoting holistic student growth.

TEACHING AND LEARNING APPROACH

Our CBSE curriculum is tailored to nurture young minds through experiential learning and a child-centric approach. This includes hands-on activities that make learning engaging and meaningful for our students.

In alignment with experiential learning and NEP guidelines, textbooks and workbooks for Grades 1 to 5 and 6 to 10 are thoughtfully designed by subject experts to ensure a modern and relevant educational foundation. Every lesson in each subject includes two to three activities to make concepts clear.

CURRICULAR ACTIVITIES

Activity Pageants showcase Subject based skills they've developed, providing parents and the school community a glimpse into the students' growth and hard work in academics.

EXAMINATION SYSTEM

Written examinations are strategically scheduled throughout the academic year, including monthly concept-based tests (CBTs), periodic assessments, and term assessments. The question papers are designed in alignment with the board examination pattern, focusing on application-based questions and an innovative approach to assessment.

This ensures that our students are well prepared to think critically and creatively when facing real-world challenges.

EDUCATORS

To ensure the highest quality of education, Vignan's PPN invests in the continuous professional development of its CBSE educators. Our teachers participate in 584 hours of orientation programmes conducted by CBSE, ISC (Bengaluru), SCERT (New Delhi), HCU, and TISS.

These training sessions focus on innovative teaching methodologies, real-world application of concepts, assessment strategies, and classroom management techniques, equipping our faculty to effectively meet the diverse needs of students.

OUR UNIQUE FEATURES & DEVELOPMENT INITIATIVES

INNOVATIVE PEDAGOGICAL PRACTICES

We believe in adopting innovative pedagogical practices that go beyond traditional teaching methods. Our teachers are trained to use creative and modern approaches to enrich the learning experience of our students. We employ AI, project-based learning, blended learning, and personalized learning to help students develop critical thinking, problem-solving, and collaboration skills. Our goal is to equip students with the knowledge and abilities they need to thrive in the modern world.

OLYMPIADS

We offer specialized classes for our students, supported by carefully curated materials, to strengthen their logical reasoning, analytical thinking, problem-solving, and aptitude skills. These sessions are designed to help students excel in prestigious international competitions such as the Global Knowledge Challenge, the Science Genius Contest, NTSE, SOF, ITO, and the International Talent Assessment. By participating in these exams, students gain the confidence and skills necessary to succeed in national-level competitions after the 10th grade.

MENTORSHIP PROGRAM

Our mentorship program fosters academic excellence, personal growth, and emotional well-being in a supportive environment. Teacher mentors identify student concerns, create personalized action plans, and provide consistent guidance. With timely interventions and referrals, the program empowers learners to overcome challenges, build confidence, and thrive—making mentorship a vital pillar of holistic education at Vignan.

IIT JEE/NEET PRE-FOUNDATION

Our CBSE Integrated Pre-Foundation Programme offers a structured offline learning experience for students in Grades 6 to 9, blending school academics with early preparation for IIT-JEE and NEET. The curriculum focuses on strengthening fundamentals in Science, Mathematics, Mental Ability, and Logical Reasoning through a progressive, grade-wise approach.

Regular offline classes, practice tests modeled on competitive examinations, and focused mentoring enhance IQ, EQ, and problem-solving skills, thereby building a strong foundation for future success.

OUR PACE BOOK, AN INNOVATION

Unlike any other institution, Vignan has introduced a planner for academic, curricular, and extracurricular activities in its schools. The Vignan Pace Book is designed with the sole purpose of keeping parents consistently informed about their children's learning at school. It contains an hourly plan for each subject, along with corresponding teaching aids, activities, and events aimed at enhancing the physical, social, and emotional development of students. The planner also includes exam schedules, festivals, and holidays spanning the entire year.

VERSATILE FACULTY

Vignan has earned a strong reputation for research and training. Our faculty members undergo approximately 580 hours of professional development each year. Training opportunities are provided through premier institutions such as IISc Bangalore, HCU Hyderabad, TISS Mumbai, and SCERT New Delhi, enabling teachers to acquire national-level certifications. Beyond academics, our teachers are approachable and emotionally supportive, acting as second parents to students and helping them realize their full potential.

ACADEMIC SUPPORT AND SKILL ENHANCEMENT PROGRAMME [ISP/PDP]

This program focuses on individualized support for students who face challenges in their learning journey. After assessments, students requiring additional help are identified and provided with tailored classes to meet their specific needs. Teachers offer focused attention and academic guidance to help students improve and regain confidence.

Grades III-VIII : Weekly two-hour sessions are conducted under the Individual Support Programme (ISP), focusing on core academic areas.

Grades I-II : The Personal Development Programme (PDP) is offered to build confidence and enhance English-speaking skills, fostering holistic growth from an early age.

COORDINATORS

An academic coordinator is a professional with thorough subject knowledge and extensive experience in guiding teachers. The coordinator leads the department, monitors classroom teaching, and supervises student performance in examinations. At Vignan, we have an excellent team of coordinators who are highly proficient in their respective subjects and dedicated to maintaining the school's academic standards. Their commitment ensures the continuous growth and success of our students.

RECORD BREAKING PERFORMANCE IN X CLASS

Vignan Schools continue to set benchmarks in academic excellence, consistently delivering outstanding results in the CBSE Class X examinations. Our students demonstrate exceptional performance year after year, reflecting the strong academic foundation, structured preparation, and dedicated mentorship provided across all campuses.

In a significant milestone, Vignan Schools secured the 1st position in Telangana in the CBSE Class X Results - 2024, reaffirming our academic leadership at the state level.

With a 100% pass rate and an impressive overall average, Vignan Schools stand among the top-performing institutions nationally. A large proportion of our students score above 95%, while many achieve perfect marks in core subjects such as Mathematics and Science. This consistent academic success is a testament to our rigorous curriculum, experienced faculty, and student-centric learning approach. At Vignan Schools, we remain committed to nurturing excellence, discipline, and confidence-empowering students to achieve their highest potential and succeed in a competitive world.

HAPPY CLASSES

The aim of education is not only to impart knowledge and skills but also to instill values and attitudes that enable students to contribute meaningfully to society. At Vignan, we believe that a happy and positive learning environment is essential for children's holistic development. Our curriculum incorporates practices such as meditation, fables, and anecdotes, which strengthen children's inner growth and encourage positive behavior.

STUDENT CLUBS

At Vignan's PPN School, student clubs are the heartbeat of holistic growth, offering opportunities beyond academics. From sports and cultural activities to literary club, home science, and entrepreneurship, each club helps students build skills, confidence, and creativity. Through community welfare initiatives like charity drives and NGO collaborations, they also learn responsibility and leadership. Together, these clubs create a vibrant space where every child discovers their passion and potential.

ACTIVITY PAGEANT

The Activity Pageant at PPN School is a vibrant showcase where students bring lessons to life through science experiments, roleplay, drama, and debate. Every child gets a chance to shine, building confidence and communication skills while demonstrating concept clarity. Parents are invited to witness these performances, making the event a joyful celebration of learning, creativity, and shared memories beyond textbooks.

STUDENT CONCLAVE

The Student Conclave at Vignan Schools serves as a vibrant forum for student leaders to learn, collaborate, and contribute to school development. Beginning in Grade 9, students take charge of committees such as Discipline, Sports, Literature, Events, Art and Culture, and Magazine. They plan assemblies and organize major occasions, including the Annual Day.

This hands-on involvement nurtures confidence, responsibility, and leadership skills, empowering students to grow as capable individuals while actively shaping the school's culture and community.

EVENTS AND CELEBRATIONS

A 21st-century child must be given equal importance to all quotients intelligence, physical, emotional, and spiritual. Thus, at Prabodhananda Prashanti Niketan, we create an annual calendar that incorporates these aspects. Important global days, festivals, workshops, community out reach programs, field trips, and picnics are included. We ensure that all children participate in these events mandatorily, helping them gain confidence in their future goals.

ENTREPRENEURSHIP CLASSES

To raise our country from a job-seeking to a job-providing level, it is important to instill an enterprising nature in our children. With this goal in mind, our classes aim to develop creativity, confidence, risk-taking ability, and alertness to opportunities with the help of multiple stories, case studies, and examples. Our hope is that these skills will enable our students to become successful entrepreneurs and job creators in future.

SFA CHAMPIONSHIP

The Sports For All (SFA) Championship, fondly called the "Olympics for Schools," is Hyderabad's premier inter-school sports spectacle, uniting over 12,000 athletes from 600+ schools across 25 disciplines and crowning the **No. 1 School for Sports in Hyderabad.**

Vignan School has risen as a legendary powerhouse, becoming the only school to win this prestigious title **five times**, including a dominant 2024 victory that capped an unmatched streak of excellence.

Rooted in our belief in **holistic education**, we place equal value on playground and classroom. With 26 certified coaches nurturing every child, Vignan ignites passion, builds resilience, and shapes well-rounded champions ready to soar in life and sport.

HOME AWAY FROM HOME, OUR HOSTELS

At Vignan, we hold the belief that there is no substitute for the warmth and love of a child's home and family. However, we understand that certain circumstances may compel parents to consider hostel accommodations for their children. To cater to such situations, we provide comfortable and secure hostel facilities that ensure the well-being of the students. Our hostels are designed with utmost care and attention to detail, ensuring proper ventilation, cleanliness, and efficient utilization of space.

We take great pride in offering a safe and nurturing environment for our students even after school hours. Our subject teachers provide individual attention and guidance to students during their study hours, ensuring an effective and well-organized study schedule.

AKSHAYA AND AMRITHA, OUR FOOD

Nobody cares like a mother when it comes to feeding a child. Nutritious food is essential for the physical and mental growth of the child. In all our hostels, tasty and nutritious food is served on time in generous portions. We always encourage the visiting parents to dine with their children, free of cost, and have a first hand knowledge of the quality of food served by us. The Chairman, Teaching and Administrative staff, all share the same meal with students in order to ensure that quality is maintained at all times. By the way, the students are also groomed in dining etiquette, eating and sharing in groups, avoiding wastage and so on when they sit for their meals in the common dining hall. A mineral water plant provides purified water to our students. Solar heating facilities enable hygienic cooking besides providing the students with hot water for bathing.

Examinations

1. CBT (Concept-Based Tests) are conducted every fortnight.
2. Question papers are prepared by subject matter experts.
3. CBSE pattern is followed thoroughly.
4. All examinations are held under the supervision of external observers.
5. CCTV surveillance is maintained during all exams.
6. Answer scripts for students from Std. I to X are exchanged among branch teachers for evaluation.

Morning Assembly

1. Morning assembly and home period are held from Monday through Thursday.
2. Every student is given an opportunity to speak.
3. Physical exercise, meditation and bhramari are mandatory activities.
4. Guest lecturers and parents are invited to address students during assembly.

Parental Relations

1. Five formal and two informal parent meetings are conducted annually.
2. Parents may visit their children on the fourth Sunday of each month after 1:00 PM.
3. Contact numbers of class in-charges, the principal, and the warden are shared with parents for communication after school hours.
4. Term-wise feedback is collected from parents through questionnaires to help improve the school based on their valuable suggestions.
5. Parents are warmly welcomed to attend all school events and celebrations.

Sports

1. Seventeen types of games and cultural activities are offered by specialized coaches.
2. Eight different sports are conducted under the guidance of physical instructors.
3. Students are actively encouraged to participate in competitions ranging from inter-school to international levels.
4. Among our students, 1% are international-level athletes, 5% are national-level players, and 10% have represented at the state level.

Co-Curricular Activities

1. Moral values and General Knowledge classes.
2. Computer education with a 1:1 student-to-machine ratio.
3. Handwriting improvement classes.
4. Sloka recitation classes to promote cultural learning.

Students Awards

Every student possesses unique skills and talents. At Vignan Schools, we take pride in recognizing and celebrating these individual strengths through our monthly awards program. Certificates are presented to students who excel in various areas, including:

Best Artist Award, Budding Scientist, Cheer Master, Excellent Effort Award, Full Attendance Award, Humble Bee

Math Whiz, Student of the Year, Super Speller, Super Stamina Award, Technology Whiz

Study Hours

Study hours are conducted exclusively by subject teachers, providing students with focused, one-on-one academic support. This personalized attention helps enhance each child's learning ability and strengthens their understanding of key concepts.

ACADEMIC
ACTIVITIES OFFERED

1. All India Maths and Science Olympiad (AIMS)
2. International Olympiads for Maths & Science (IOM) & (IOS)
3. International Maths & Science Olympiads (IMO) & (ISO)
4. National Talent Search Exam (NTSE)
5. Global Olympiad

* Students from Grades I to VIII are offered the opportunity to participate in at least one Olympiad exam.
* Dedicated training sessions are conducted twice a week to prepare students for these competitive exams.

Grade - I to VIII

English labs | Library | Science labs | Computer labs

Grade - VI to IX : IIT - JEE/NEET Offline Integrated CBSE Syllabus Pre-Foundation Courses
