

## The City of Dreams

### Our Hyderabad

An institution must reflect the characteristics of its place. Then only it can flourish and prosper on the soil of its location. It must weave itself into the cultural texture of its surroundings. Then only it can take something from it and also give something to it. The Vignan Schools in Hyderabad have been perfect examples of this mutual integration and reciprocation.

As Hyderabad, the capital city of Telangana, with a long history of its own, is a unique place in many respects, the Vignan Schools in Hyderabad with their background history of Vignan, are quite unique in many ways. The city of Hyderabad combines in itself the best of the Northern and Southern life-styles, the Hindu and Muslim traditions and the old and new cultures. Vignan Schools also combine in themselves the world-class standards yet deeply rooted in Indian values. Hyderabad is renowned for its grand structures like the Charminar, the Falaknama and the Chowmahalla palaces, the Makkah Masjid, the Salarjung Museum etc. So also, the Vignan Schools are well-known for their imposing buildings, spacious class rooms and sprawling playgrounds. Hyderabad has a peculiar climatic ambience suited for computers and soft-ware industry. Vignan Schools too, likewise, have a pollution free, noiseless academic ambience suited for good health and serious studies. Thus, the pearls of Vignan Schools, situated in Hyderabad are an epitome and expression of the city of pearls in an ideal way.

# Global Standards and Indian Values

## Our Vision and Philosophy

It is the Vision of Vignan to people the country with efficient and ideal citizens of future. To fulfil this purpose, Vignan has always been imparting sound education to its students besides instructing them about the importance of character and moral values. Vignan's Philosophy is that real education consists in the passion for learning. It is believed that only such passion would unleash the innovative and creative fountains in the child at the right time. In addition to these, it has always been Vignan's endeavour to weave the time tested native values into the complex fabric of the world culture. This is because we never want to lose our identity in the maze of foreign cultures looming large all around. Then, our aim is to bring about a comprehensive development of personality in the child. This is to make him feel at home in the complex world when he grows up. Therefore, learning at our school has always been child-centered and knowledge- oriented. All our innovative teaching methods are also directed to the same end. We always try to ignite the child's intellectual curiosity in order to make him inquisitive and explorative at every stage. We strongly believe that this special approach of ours will make the child gain great confidence in himself not only in taking his examinations but in facing the challenges of life as well.

## Greatness Inspired

### Our Chairman

Dr. L. Rathaiah, the Chairman of Vignan Group of Institutions, is not just a person to be content with the ritualistic teaching of a student for a mere pass or class. He scrutinized the system of education in the erstwhile Andhra Pradesh and discovered several loop-holes in it. He dedicated a lot of time in finding ways and means to plug them carefully and improve the whole system with his innovative ideas. And lo, the great doctor of education met with a scintillating success at the end. He changed the very face of education in the state and made it more effective, productive and powerful. In short, he has brought about, what may be called, an 'ink revolution', in the twin states of today. This has made him a role model for the entire educationist fraternity around him. They have been so much impressed and enamoured of his innovative practices that they have adopted them without any questions or reservations. The new system has also been successful in getting many students admitted into the IIT, NITS, BITS - Pilani, medical colleges etc across the country.

“

Education has undergone tremendous changes over the years. It has become more and more advanced and challenging day by day. I always strive to ensure that children enjoy ease in their childhood, but then learn to be competitive as they grow up. I always see the spark of intelligence and creativity in every child. But the onus of making it shine brightly with myriad colors definitely lies on the teachers and the parents.

”

Dr. L.Rathaiah,  
Chairman - Vignan Institutions.

# Greatness Reloaded

## Our Vice-Chairperson

Carrying on the legacy and spirit into the new generation is a herculean task for anybody. But our Vice - Chairperson, Mrs. Rudrama Devi, a dynamic and energetic leader, following the footprints of her father and the Founder Chairman of Vignan institutions, Dr. Lavu Rattaiah garu, quite faithfully, has accomplished the task with an astounding success.

The core strength of any school lies in giving strong academic training to the students and preparing them to succeed in their chosen walks of life in future. In these twin aspects the amount of interest bestowed by our Vice Chairperson is really immense and immeasurable. She always thinks from the viewpoint of the student and wishes to provide him with a thorough knowledge of their subjects through innovative teaching methods and activities which give hands on experience.

Also, she has been ceaselessly working to fulfill the group’s vision of providing the schools with proficient and motivated teachers, world-class infrastructure with all the state of art facilities and with the ultimate aim of grooming children as the successful leaders of future generations through all-round personality development.

Smt. L. Rani Rudrama Devi  
Vice-Chairperson, Vignan Institutions.

# The Name you Trust

## Our Group

Vignan is the one and only educational establishment in both the states of Andhra Pradesh and Telangana which strives to produce quality students right from the Pre-Primary to the Post-Doctoral levels. We alone understand the changing goals and learning objectives of a student at each and every stage of his life with the shifting standards of requirements everywhere. As a result, we have gradually grown and expanded into an educational empire over a period of 4 decades with our galaxy of institutions which consist of

- 17 Schools
- 5 Jr. Colleges
- 7 Engineering. Colleges
- 3 Pharmacy Colleges
- 1 P.G. College
- 1 B.Ed. College &
- The Vignan University

all flourishing with over 50,000 of students on their rolls. Thanks to the recognition and appreciation of our endeavours by the students and parents, and to the sincere efforts of our dedicated teachers, we occupy an enviable place in the firmament of education today.

2007 : Vignan College of Education, Nizampet, Hyderabad.

## Our Institutions in Hyderabad

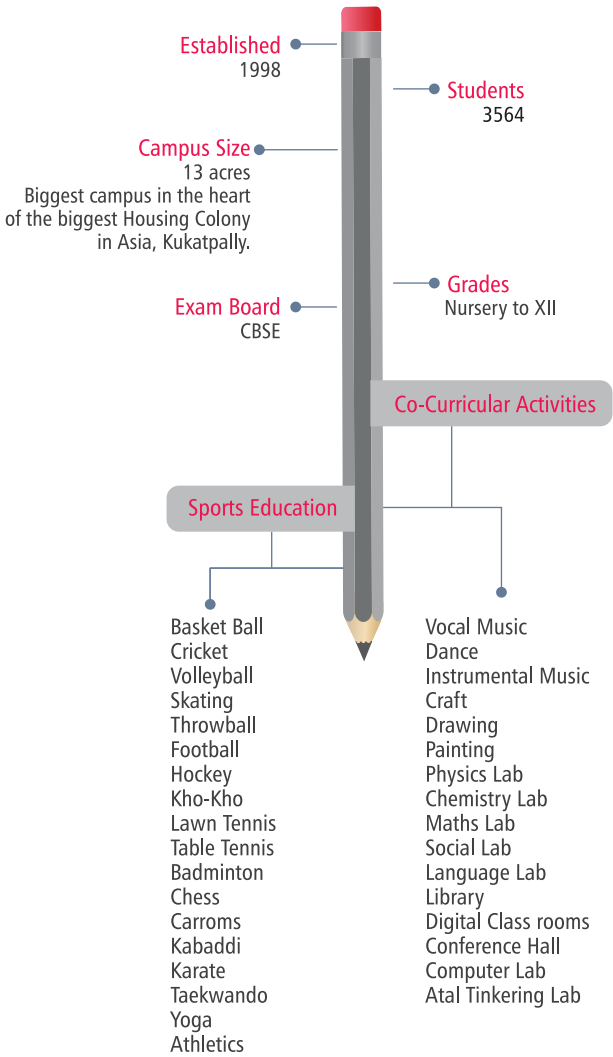

# A Temple of Learning

## Our Campus

Our Vignan's Bo-Tree School, has been an outcome of a persistent demand from the parents in the capital of the erstwhile Telangana. 'Bo-Tree' is the short form of Bodhi tree, a "tree of wisdom" under which Gautama Siddhartha attained his enlightenment and became the Buddha. We have called ourselves after the Tree because we believe that a school should act as a Bodhi Tree in awakening the student to recognize his true inner potential so that he can use it for the improvement of the world in a tremendous way.

### FACTS FILE

## Grooming Leaders

### Our Special Curriculum

Vignan Schools follow the Complete and Comprehensive system of Evaluation, the same system recommended by the CBSE for testing the students. The novelty about the CCE is that instead of testing the students just academically, it also checks their holistic learning to see if their Intelligence Quotient (IQ), Physical Quotient (PQ), Emotional Quotient (EQ) and Social Quotient (SQ) are steadily improving.

$$a+2ab+b=(a+b)(a+b)=(a+b)^2$$
$$a-2ab+b=(a-b)(a-b)=(a-b)^2$$

$$\frac{ad+bc}{bd}$$

$$\sum_{k=1}^n k = \frac{n(n+1)}{2}$$

$$d = \sqrt{(x_2 - x_1)^2 + (y_2 - y_1)^2}$$

$$(z+y+z)=z+y+z+2xy+2yz+2zz$$
$$(z+y-z)=z+y+z+2xy-2yz-2zz$$
$$(z-y+z)=z+y+z-2xy-2yz+2zz$$
$$(x-y-z)=x+y+z+z-2xy+2yz-2zz$$
$$x+y=(z+y)+(z-y)$$

# Learning by Experience

## The Intelligence Quotient

Each child is smart in the use of a particular faculty. Some are visual smart, some are auditory smart and some are kinesthetic smart. A particular child's IQ or academic calibre is improved if he learns in that particular style.

At Vignan, we follow a multi-modality learning curriculum that trains our students to reach successful levels of understanding by using their various faculties and intelligence. In this way a child who is a passive recipient is transformed into an active student.

### Our Text Book Series

Vignana Samhitha, Vignan Chirag, Fostering Global Power, Discover Zero to Zenith, Beyond Grey Cells and Young Explorers are the names of our text book series for classes I to V - all prepared by our teams of experienced and talented teachers under the guidance of resource persons and subject coordinators. Hence all the contents found in these books are based on the empirical evidence gathered over years of our working with the toddlers. We have taken utmost care to integrate the content and concept of the lessons (from classes I to V) with excellent textual exercises and worksheets designed to enhance the creative thinking of the child.

### Our Pace Book, an Innovation

As is the case with no other institution, our Vignan has introduced a Planner for Academic, Curricular and Extra-curricular activities in its schools. The Vignan's Pace Book, as it is called, is designed with the sole intention of keeping the parents constantly updated about the learning of their children at school. It contains an hourly plan for each subject with respective teaching aids, activities and events designed to improve the physical, social, and emotional quotients of the students. The planner includes exam schedules, festivals and holidays extending through the whole year.

### Our Teaching Aids

Vignan uses 60-70 highly efficient working models and teaching aids in every subject to make learning smarter and sharper.

### Our Prestigious Examinations

Examinations at Vignan are not formalities, not rituals. They are real tests in analyzing the students' grasping power, their ability to retain and recall what has been grasped and their presentation skills. They are held at regular intervals to train the students in answering all the questions in the prescribed time. The performance of the students in every examination is carefully analysed not only to identify where they excel but also where they lag behind. The teachers in charge of the remedial classes take immediate steps to turn the grey areas into green pastures. This instils confidence in the students to face any examination, internal or external, with great enthusiasm.

**The System of Testing :** Every question paper is set on the CBSE pattern by the respective subject coordinator. So there is no chance for any teacher to know of the questions in advance.

**The Special Observers :** Every examination is conducted under the supervision of an observer specially deputed by us from another branch of Vignan. It is his duty to see that the examination is conducted fairly and smoothly, and also to report to the Administration if there are any irregularities.

**The Evaluation :** We adopt the external evaluation system (getting the answer scripts evaluated by the teachers of different branches) right from the lower classes to the 10th, so that there could be no scope for favoritism or hostility in respect of evaluating the scripts.

The number of successful candidates in the competitive exams given below year wise amply proves that our foundation courses has been really excelling in yielding the expected result.

### IIT JEE/NEET PRE-FOUNDATION COURSES

Vignan has an unique coaching programme, from the high school level onwards to train the students for the competitive examinations like IIT-JEE and NEET in future. The course content is designed in such a manner that it motivates students to go beyond the usual school curriculum and acts as a source to strengthen the basic concepts of science and mathematics. In due course, we aim to develop students' IQ, logical and analytical thinking with the right time management skills.

This exclusive coaching is offered by the specially trained and experienced, senior faculty. Regular online tests and examinations are conducted and the students' progress is evaluated in a scientific manner. The parents are kept informed about the progress of their children constantly.

Pre-recorded videos in collaboration with TCS iON help the students in building a strong base and clearing the concepts at any point in time.

### Our Steps for Building Confidence, The Olympiads

Vignan feels that in view of the cut-throat competition prevalent in all the fields now a days, students require to be trained and encouraged to take part in the various national and international Olympiads like the

- National Talent search Exams
- National Astronomy Olympiad
- All India Mathematics and Science talent test, unified council
- Eduranet Intellectual
- International Olympiad of English, Mathematics and Science etc.

well in advance in order to gain confidence in facing the various competitive exams in the future.

### The Remedial Classes, our Extra Care for Slow Learners

Students facing difficulties in learning are identified after every assessment, and additional classes are conducted for them for fulfilling their learning gaps. By paying close and personal attention and laying a proper academic foundation our teachers help them improve their performance and fall in the right track in no time.

# Giving Shape to Ideas

## Our Ultra Facilities

Vignan always keeps itself abreast with the fast advancing strides of science and technology. We provide all the following infrastructure facilities for our students for encouraging them to take bigger strides in pursuing their studies.

All these labs and halls are always accessible to the students throughout the school hours, with lab assistants, technicians etc., ever ready to help them in every respect.

CHEMISTRY LAB

COMPUTER LAB

ATAL TINKERING LAB

LANGUAGE LAB

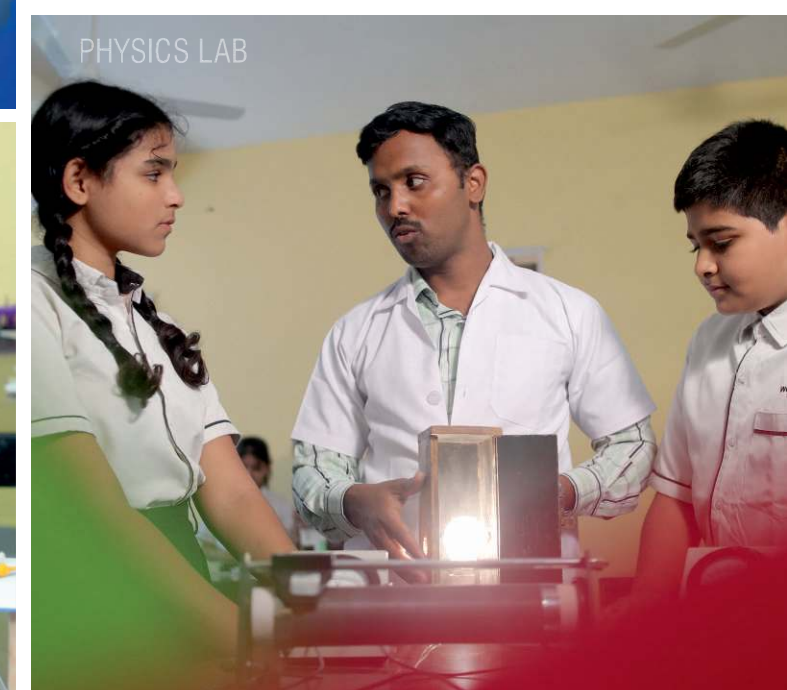

BIOLOGY LAB

LIBRARY

MATHS LAB

PHYSICS LAB

# Channelising Energy

## The Physical Quotient

Active participation in sports and training in physical fitness is an important element in the academic and social development of the child. The positive effects of these activities are not just limited to childhood alone, but they extend to the later life of adulthood as well.

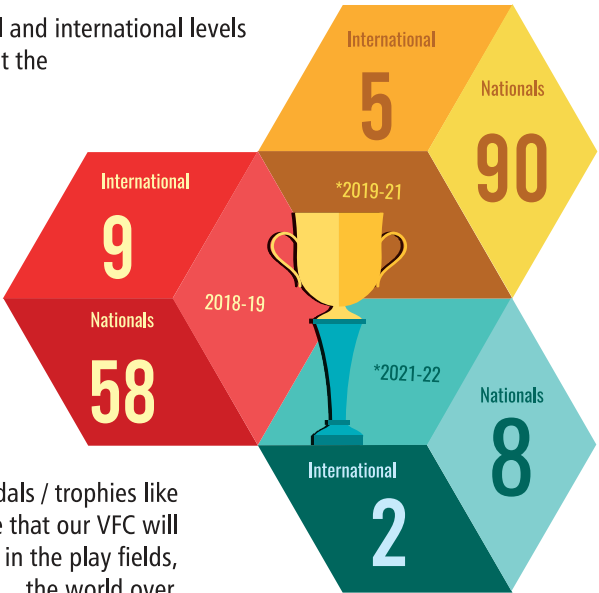

With this understanding, Vignan has conceived a comprehensive Leap Start Programme in sports and physical fitness, called Vignan Fitness Curriculum (VFC). The programme provides an arena for the children from grade I to V to improve their physical fitness. It is a unique programme consisting of the following features.

- It is holistic in nature and variously designed for different age groups
- It brings everyone under its cover
- It is executed by highly qualified P.E.T's
- It has active schedules, also providing a lot of fun
- It is perfectly integrated with academic curriculum
- It gives priority to wellness concepts in the curriculum

The VFC is divided into three grades on the basis of the age groups /classes

- VFC1 for Class I
- VFC2 for Class II and III
- VFC3 for Class IV and V

The following trophies won by Vignan at the national and international levels during the 3 years consecutively speak volumes about the undoubted impact of the VFC on its youngsters.

We expect to win more and more medals / trophies like these year after year as we are sure that our VFC will make us know no defeat in the play fields, the world over.

\* Cancellation of many national & international events due to COVID-19 pandemic

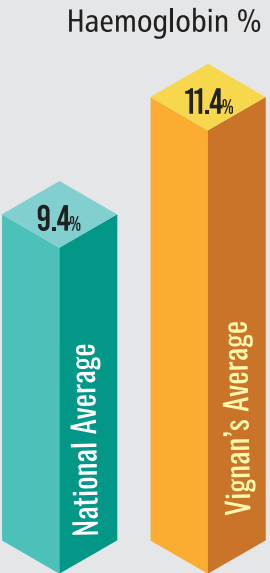

# Our Vast Play Grounds & Great Variety of Sports

Specially designed for raising the physical & mental stamina of the students.

The following bar-chart shows how Vignan excels in making its young students stronger and healthier than the others in the country around itself.

Vignan is committed to make young India HEALTHY & STRONG

# Home Away from Home

## Our Hostels

We believe that the best place for a child after his school hours is his home. Nothing can substitute parental affection and care. However, some parents are compelled to keep their children in hostels for various reasons. For such students Vignan provides a comfortable accommodation. A lot of thought is spent in designing our hostels. The rooms are well ventilated, hygienic and are real models in the utilization of space. Special care is taken about all the students after the school hours. A well-planned and effective study schedule is carried out under the guidance of the subject teachers, during the time.

# Akshaya and Amritha

## Our Food

Nobody cares like a mother when it comes to feeding a child. Nutritious food is essential for the physical and mental growth of the child. In all our hostels, tasty and nutritious food is served on time in abundant quantities. We always encourage the visiting parents to dine with their children, free of cost, and have a first hand knowledge of the quality of food served by us. The Chairman, Teaching and Administrative staff, all share the same meal with students in order to ensure that quality is maintained at all times. By the way, the students are also groomed in dining etiquette, eating and sharing in groups, avoiding wastage and so on when they sit for their meals in the common dining hall. A mineral water plant provides purified water to our students. Solar heating facilities enable hygienic cooking besides providing the students with hot water for bathing.

# Great Voyages Start Here

## Our Transport

Vignan has an exclusive transport department with a large fleet of its buses for carrying students & staff from and to their homes.

Regular orientation programmes are conducted for the drivers in accordance with the guidelines laid down by the authorities for assuring the students' safety.

Teachers are also encouraged to travel in the school buses to instill a sense of responsibility in the transport and escorting staff with regard to the safe conveyance of the students.

Only well qualified and experienced personnel are appointed for plying the buses for ensuring the maximum safety and security for the commuters.

# The Power of Expression

## The Emotional Quotient

### Our Special Care and Concern

Each one of us has his own thoughts, emotions, senses, and imaginations which make him a unique individual. These personality traits, if properly guided and nurtured, will help the emotional development of a child to become a balanced and integrated individual.

### Sloka recitation and Story telling:

These classes help children learn the value of forgiveness, compassion, gratitude, appreciation etc. besides improving their vocabulary and pronunciation.

# Art and Cultural

We believe that appreciation of Arts helps the refinement of a person. So we expose each child to the influence of art, music, dance, craft, drawing, and painting etc.

## Moulding Leaders

### The Social Quotient

#### Our Special Awareness

Today, it is not just enough to be a successful employee; instead, one should always aim to be a leader in his profession for which some social awareness and good communication skills are very important. These intra and inter personal skills are nurtured in our children from a very early stage through our various events and activities during the academic year.

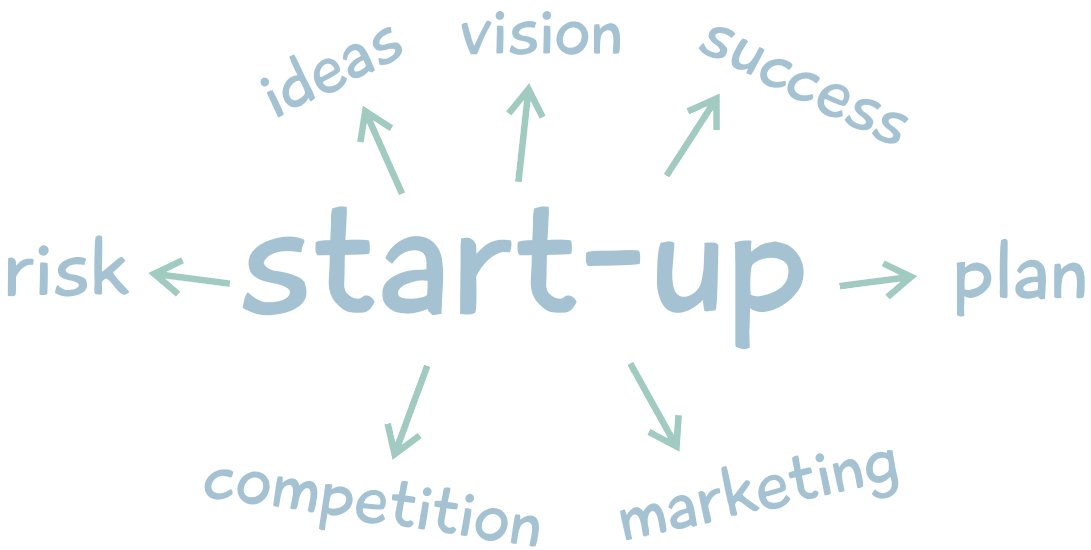

# Entrepreneurship Curriculum

## Empowering Student Leaders

To raise our country from the job seeking to the job providing level by sustained effort, it is important to instil enterprising nature among our children. With this end in view, creativity, confidence, risk-taking ability, alertness about opportunity etc. are developed in these classes, through multiple stories, case studies, examples etc.

# Happiness Curriculum

## Not by choice but by Practice

Good education must provide not only knowledge and skills but also values and attitudes that enable the students to promote their own growth as well as that of the society. In happy classes, the inner mechanism of children is improved through meditation, fables and anecdotes for the betterment of their outward behaviour.

# National Cadet Corps (NCC)

## Nurturing Students, Creating Leaders

National Cadet Corps or the NCC, is the largest and most elite youth development organization managed by the armed forces of India. It believes in its motto, "Unity and Discipline" and dedicates itself to the overall development of the youth.

NCC was established in Vignan's Bo Tree School in the academic year 2021-2022 with Troop No. 03 attached to 4 Telangana Battalion, Secunderabad - 94. A hundred cadets from classes VII and IX are selected for this troop. Selected cadets are given regular training twice a week besides participating in camps and other centrally organized activities of NCC. Today, former cadets hold a very high reputation and have excelled in the field of governance, defense, academics, acting, medicine, engineering, industry, or in a nutshell, in every nation-building endeavour. It all shows that the task of "Grooming Tomorrow's Leaders In All Fields" has been well exerted over the years.

# Pursuit of Excellence !!

TED brings ideas - ideas that ignite conversations, ideas that cater to change and ideas that transform the world. Technology, entertainment, and design come together to deliver these ideas to a global community. TEDx reflects the mission of its parent platform – “ideas worth spreading” and brings the spirit of TED to local communities around the globe through its events. The speakers come from varied backgrounds of being educators themselves, social entrepreneurs, sports persons, policymakers, and leaders.

The first edition of TEDxVignansBoTreeSchool was organized on the 9<sup>th</sup> of February 2020 with the theme “*Unorthodox Perspectives*”. The event aimed to give listeners an interesting new outlook on seemingly monotonous everyday things. TEDxVignansBoTreeSchool resumed the journey for its second season on the 18<sup>th</sup> of June 2022, with a promise of “*Reversing the mainstream notions*”. The talks intend to have the audience question why the term 'mainstream' ever originated and how to question or challenge those “*mainstream notions*”.

This is just the beginning of Ideas Worth Sharing.

# Helping Hands

## Love of Humanity

For learning about social responsibility, empathy, and value of service, children are provided with opportunities to participate in various charitable programmes.

### Swachh Bharath

Our students actively participated in India's biggest cleanliness drive-Swachh Bharat. Our NCC students joined hands in sweeping the school premises, cleaning up the garbage, focusing on sanitation and maintaining a hygienic environment.

### COVID 19 Relief Fund

In response to the unprecedented COVID-19 pandemic, we have extended a financial assistance of 25 Lakhs to CM Relief Fund- Telangana.

### Vaccination Drive

The school has partnered with the state health department and conducted a vaccination drive against Covid-19 for its teachers, staff, parents, neighbours and the people in the vicinity. Extensive arrangements were made to ensure all those who reached the school were administered the vaccine.

### Food Donation

Vignan Schools have taken an initiative by donating food to the needy from the store of the school community.'Being generous is being human'.

### Cyclothon

Our school students have organised awareness cycle rally and urged all to celebrate festival of lights Diwali in eco-friendly way. Students promoted everyone to burst out together in laughter instead of bursting fire crackers which contribute to noise as well as environmental pollution.

# Experience with Expertise

## Our Teachers

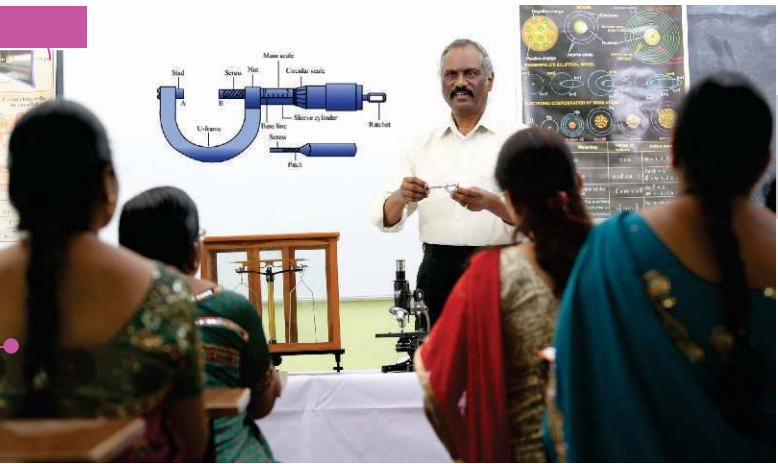

### Training for Teachers

The 2 year Bachelor of Education (B.Ed) programme aims at training teachers not only in respect of teaching the subjects perfectly, but also in addressing the present generation of students in a proper way. We appoint a select few of our B.Ed. trained teachers from Vignan's B.Ed college to our school.

### Refresher Courses

We conduct a 2 month refresher course for the new teachers which they should attend before taking regular classes.

### Orientation Programmes

With regard to the incumbent teachers, an orientation programme is conducted every second saturday of the month. During this programme the teachers of all our branches of Vignan prepare their teaching notes, lesson plans etc. They also improve their knowledge and teaching skills under the able guidance of the resource persons and subject coordinators.

### Our Coordinators

An academic coordinator is one who has a thorough knowledge of the subject and also a vast experience in guiding teachers. He is also the head of his department who monitors the teachers' class room work and supervises the performance of the students in the examinations. We have an excellent batch of coordinators who are all proficient in their respective subjects and work day and night for the constant up-keep of the school on the academic front.

### Teachers' Welfare

Vignan is a second family for all its teachers as it treats them as part of its establishment. We regularly organize picnics and retreats for their relaxation and recoupment. This not only keeps them fresh and energetic throughout the year, but also helps to forge a personal bond between them and the school. We also acknowledge their merit by honouring them with awards and rewards on important occasions like the Teachers Day etc. Because of these healthy practices followed by us, the teachers of Vignan remain associated with it throughout their service period and even beyond.

# Partnership to Remember

## Our Regard for Parents

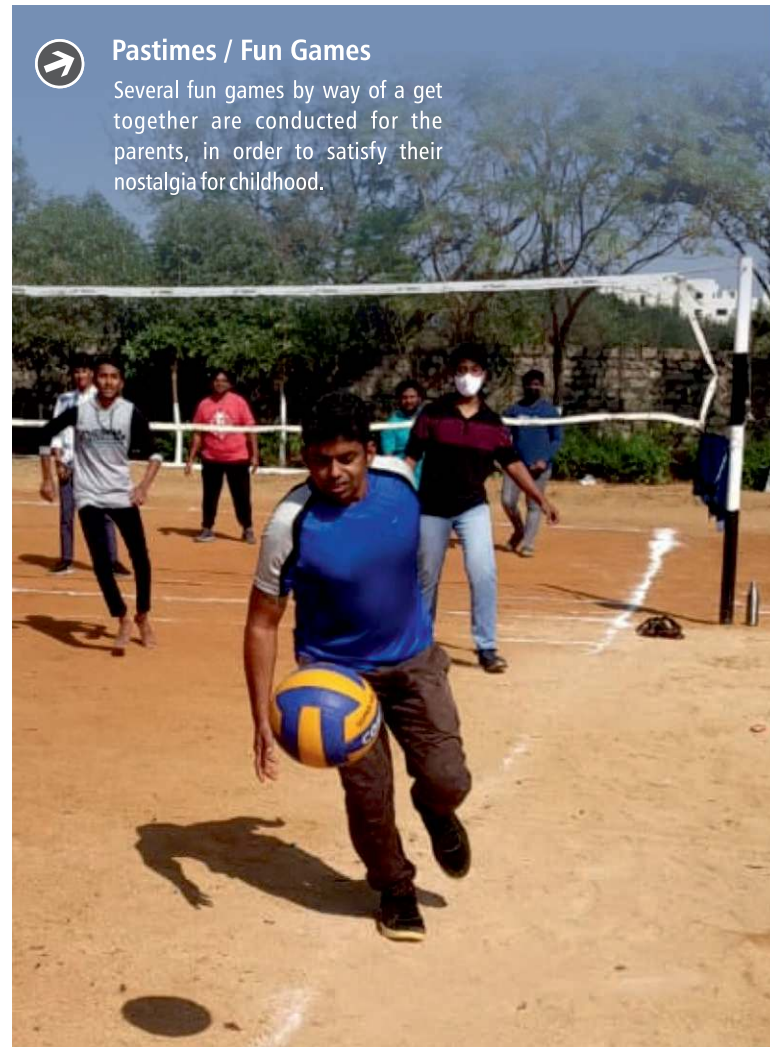

Paying a visit to the parents at home is one of the unique practices followed by Vignan. Our teachers visit their students' homes once in every year in order to forge a healthy social relationship between the school and the parents.

### Visiting the Parents at Home

### Pastimes / Fun Games

Several fun games by way of a get together are conducted for the parents, in order to satisfy their nostalgia for childhood.

### PTA Meetings

We consider parents as partners in the development of our institution. Every parent is therefore treated as a bonafide guest on our campus. As parent-teacher meetings play a vital role in building a successful relationship between the two. Also because we conduct such meetings regularly the parents come to know about their wards directly from the teachers and make any suggestions etc. to them if any.

### Diversion for Parents

We understand that parenting is one of the most challenging and rewarding tasks in the life of a couple. In order to ease their tension, we conduct regular workshops for the parents on several topics like crises of adolescence, effects of internet, peer group influence etc. under the guidance and supervision of learned scholars in such disciplines.

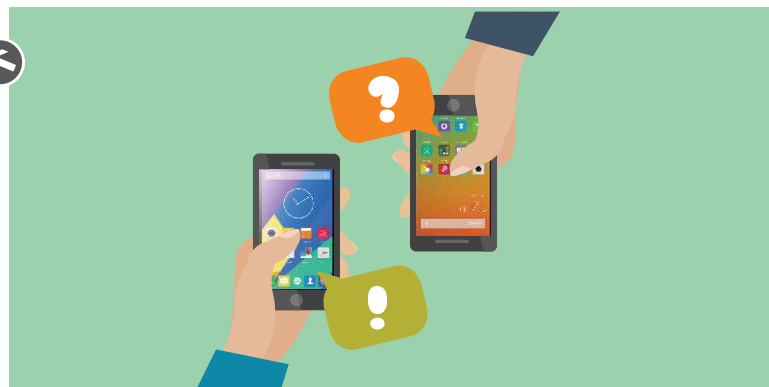

### School Knot App

Vignan has introduced a new app called 'School Knot App' to update the parents about their childrens' attendance, exam schedules, assignments and holidays etc. at the school every day.

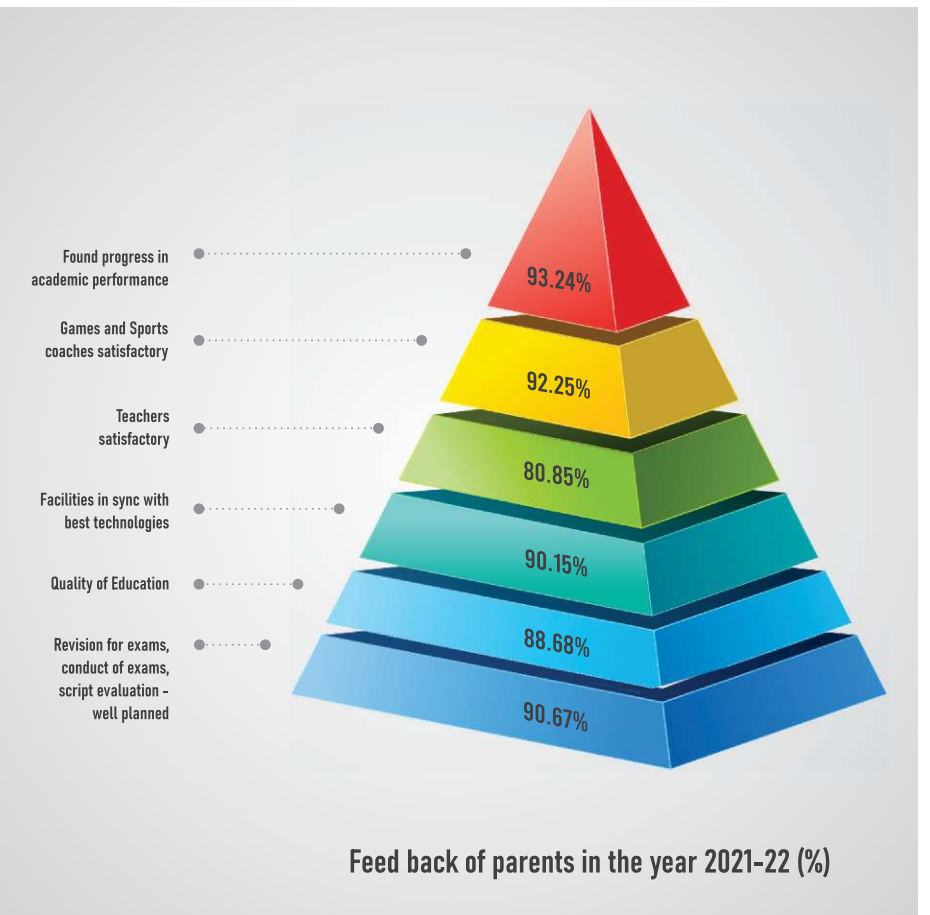

### Mobile Contact with Teachers

Mobile numbers of all the teachers-in-charge are given to the parents for any immediate enquiry, information, assistance etc with regard to their wards.

### Feed back About School

After every semester an exhaustive feed back is taken from each and every parent about his opinion regarding the academic matters, staff & facilities at the school. After a thorough analysis of all the feedbacks, appropriate steps are taken as per the suggestions/ complaints given by each.

#### Entries in Guinness Book of World Records & Limca Book of Records

Vignan students performed a unique 36-hour non-stop dance performance. The 32 member team started the unique feat at 9:45 am on May 26, 2003, and ended it at 9:53 pm on May 27, 2003. The girls in the age group of 14-16 years exhibited 350 items in this mind - blowing show.

#### Title of Grand Master of the World

Hari Krishna, world chess champion in the under -10 category was the grand master of the world in 1996. He continues to be the youngest grand master of the world even today.

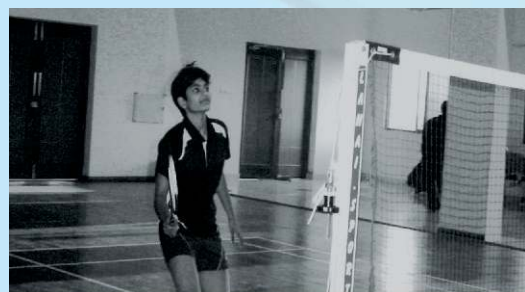

#### Award for Best School in Private Sector

Vignan bagged the Best School Award in private sector from Hon'ble Chief Minister of Andhra Pradesh, Shri. N. Chandra Babu Naidu, during Independence Day celebrations in 2002.

#### World Chess Championship

Our student, G. Rohith, X Class, got a Silver Medal in the Under-14 Category of the World Chess Championship held at Crete, Greece in November, 2002. He was also the chess Gold Medalist in Asian Under-14 Chess in 2003.

#### National Level Badminton Championship

Asian Sub Juniors Badminton Championship was held at Indonesia, Brunei from August 4th to 10th, 2008. Our student, K. Manish, got 2 ranks in singles, 1 rank in doubles in the Under-16 Badminton competitions.

#### Sports For All (SFA) Champions, Hyderabad-2022

VIGNAN Schools Hyderabad has bagged the Overall SFA Championship Trophy 2022, for the third time in a row. The SFA Championship Hyderabad 2022 is one of the biggest sporting events in the city which has witnessed with over 400+ schools participating from Hyderabad and Secunderabad.

#### National Level Swimming Tournament

M. Hanuman - X - 50mts. Free Style - Gold Medal, 50mts. Back Stroke- Gold Medal, 100mts. Back Stroke- Gold Medal, 100mts. Free Style-Gold Medal, 200mts. Middy-Silver

## An Unparalleled Experience Our Achievements

Vignan has been credited with the be achievements over the past few years

# Success of a Dream - What Experts Say...

**Dr. M. Venkaiah Naidu**  
Minister for  
Urban Development.

Dr. Rathaiah is a walking institution & a pioneer educationist in India.

**Dr. D. Purandeswari**  
Political Leader

As the saying goes “Leaders don't do different things but they do things differently”. Vignan is a school where each one of you can acquire your leadership qualities.

**Sambasiva Rao Chandu**  
Scientist

Vignan ignites the intellectual curiosity in every child. It makes him discover, innovate, invent.

**Chukka Ramaiah**  
Founder,  
Ramaiah IIT Foundation Course

This institution functions under the guidance of the great educator, Dr. Rathaiah; the quality of its faculty and students supplies great human resource to the colleges and universities. This institution is an asset to the Telugu people.

**Suman Talwar**  
Cine Actor

Vignan has always been the trend setter. Many organizations are now trying to emulate it to be able to match with the standards established by it.

**C. Ramoji Rao**  
Chairman, Ramoji Group

As teaching is taken as a social responsibility by Vignan, it has gained the confidence and trust of lakhs of parents.

**Jaya Prakash Narayana**  
President, Lok Satta Party

For more than 35 years, Vignan has extended its services by imparting value based education which is the need of the hour in the society.

**V. Dil Raju**  
Film Producer

Vignan prepares the child not only for the challenges in education, but also for those in all other spheres of life.

**Sandeep Pandey**  
Social Activist

I thoroughly enjoyed my interaction with the students and was impressed with their mature questions. I wish the best for all the students, teachers and all others involved in running the school.

**G. Srinivas**  
Joint Secretary UGC,  
South Eastern Regional Office, Hyd

A school committed to comprehensive growth of children. My best wishes.

**Tummala Nageswara Rao**  
Ex. Minister of Roads and Buildings,  
Government of Telangana

The school which serves the society by producing good and responsible citizens is a perfect school and Vignan is one among them.

**Late Dr. C. Narayana Reddy**  
Telugu Poet & Writer.

Vignan is the birth place of new changes in education anticipating the needs of tomorrow.

**Sukumar Bandreddi**  
Film Director

Every effort is made at Vignan to bring out the skills in the school going child and great care is taken to mould its curiosity into a tangible shape.

**S. Tanikella Bharani**  
Film Actor & Writer

The teacher playing the dual role of both the teacher and the parent is important in the present generation, which they have already been doing at Vignan.

**Dr. Shobha Raj**  
Singer

I love Vignan and its values. I wish to see each student of Vignan emerge as a great human being. God bless you all.

**K.P. Vivekananda**  
M.L.A., Qutubullapur

I feel very happy and proud whenever I enter the Vignan Campus. I wish to attend Vignanotsav or any other event in Vignan with enthusiasm.

**Late Dr. D. Ramanaidu**  
Film Producer

Vignan fosters the best of the Indian values and cultivates a Global outlook. It's really a school the Telegus should be proud of.

**Pragyan Ojha**  
Cricketer

Vignan has enough infrastructure for sports like football, cricket, Volleyball etc and students who aspire to compete at national and international levels find adequate support here.

**Lakshmi Manchu**  
Cine Artist

I have greatly been impressed with the staff and their hospitality. As I believe education gives us true freedom and wish you utilize it for realizing greater possibilities.

**Sunitha Upadrashta**  
Singer

Every human being is endowed with some talent or the other. Many a time it is hidden. It is the job of a teacher to identify it, bring it out and nurture it. And I feel Vignan is doing this precisely.
