VIGNAN

...Global Standards, Indian Values

Our Hyderabad

An institution must reflect the characteristics of its place. Only then can it flourish and prosper on the soil of its location. It must weave itself into the cultural texture of its surroundings. Only then can it take something from it and also give something to it. The Vignan Schools in Hyderabad have been perfect examples of this mutual integration and reciprocation.

Hyderabad, the capital city of Telangana, with a long and illustrious history, is unique in many respects. Similarly, the Vignan Schools in Hyderabad, with their rich legacy of the Vignan Group, are distinct in their own ways. The city of Hyderabad seamlessly blends Northern and Southern lifestyles, Hindu and Muslim traditions, and old and modern cultures. In the same vein, Vignan Schools combine world-class standards while being deeply rooted in Indian values.

Hyderabad is renowned for its iconic landmarks, such as the Charminar, the Golconda Fort, the Falaknuma Palace, the Chowmahalla Palace, the Makkah Masjid, Ramoji Film City, IIT Hyderabad, and the Salarjung Museum. In recent years, new attractions like the Statue of Equality, the Durgam Cheruvu Cable Bridge, and the state-of-the-art Secretariat building have added to the city's grandeur. Likewise, the Vignan Schools are celebrated for their impressive campuses, including imposing buildings, spacious classrooms, and sprawling playgrounds.

Hyderabad offers a unique climatic ambience conducive to the growth of the computer and software industry. Similarly, Vignan Schools provide a pollution-free, serene academic environment that promotes good health and focused learning. Thus, the pearls of Vignan Schools, situated in Hyderabad, truly epitomize and express the essence of the city of pearls in the most ideal way.

Global Standards and Indian Values

Our Vision and Philosophy

It is the vision of Vignan to nurture the country with efficient and ideal citizens of the future. To fulfill this purpose, Vignan has always imparted sound education to its students while emphasizing the importance of character and moral values. Vignan's philosophy asserts that real education consists of a passion for learning. It is believed that only such passion can unleash the innovative and creative fountains in the child at the right time.

In addition to these principles, it has always been Vignan's endeavor to weave the time-tested native values into the complex fabric of world culture. This is because we never want to lose our identity in the maze of foreign cultures looming large all around. Our aim is to bring about a comprehensive development of personality in the child, making them feel at home in the complex world as they grow up. Therefore, learning at our school has always been child-centered and knowledge-oriented. All our innovative teaching methods are also directed toward the same end. We always strive to ignite the child's intellectual curiosity, making them inquisitive and explorative at every stage. We strongly believe that this special approach will instill great confidence in the child, not only in taking examinations but also in facing the challenges of life.

Greatness Inspired

Our Chairman

Dr. L. Rathaiah, the Chairman of Vignan Group of Institutions, is not merely content with the ritualistic teaching of a student for a mere pass or class. He scrutinized the education system in the erstwhile Andhra Pradesh and discovered several loopholes in it. Devoting considerable time to finding ways and means to carefully plug these gaps, he aimed to improve the entire system with his innovative ideas. Lo and behold, the esteemed educator met with scintillating success in the end.

Dr. Rathaiah changed the very face of education in the state, making it more effective, productive, and powerful. In short, he brought about what may be called an 'ink revolution' in the twin states of today. This has positioned him as a role model for the entire educationist fraternity around him. They have been so impressed and enamored with his innovative practices that they adopted them without any questions or reservations. The new system has also been successful in securing admissions for many students into prestigious institutions such as IITs, NITs, BITS Pilani, medical colleges, etc., across the country.

“

Education has undergone tremendous changes over the years. It has become more and more advanced and challenging day by day. I always strive to ensure that children enjoy ease in their childhood, but then learn to be competitive as they grow up. I always see the spark of intelligence and creativity in every child. But the onus of making it shine brightly with myriad colors definitely lies on the teachers and the parents.

”

Dr. L. Rathaiah
Founder & Chairman,
Vignan Group of Educational Institutions.

Greatness Reloaded

Our Vice-Chairperson

Carrying on the legacy and spirit into the new generation is a herculean task for anybody. However, our Vice-Chairperson, Smt. L. Rani Rudrama Devi, a dynamic and energetic leader, has accomplished this with astounding success by faithfully following the footprints of her father and the Founder Chairman of Vignan Institutions, Dr. Lavu Rattaiah garu. With her immense dedication to academic excellence, she has consistently focused on providing students with innovative teaching methods and hands-on learning experiences, ensuring they gain a thorough understanding of their subjects. Her vision extends beyond academics, encompassing all-round personality development to prepare students for success in their future endeavors.

Under her leadership, the Vignan Group of Institutions has achieved remarkable milestones. The schools have secured the 1st rank in CBSE exams in Telangana, released the country's first NEP textbooks, and won the SFA Sports Championships five consecutive times among 600+ participating schools in Hyderabad. Additionally, Vignan became the first school to host TEDx events three times. Smt. Rani Rudrama Devi's efforts to provide skilled teachers, world-class infrastructure, and state-of-the-art facilities have been instrumental in these achievements. Her contributions were rightfully recognized when she was featured in India Today's *'The She List'* of the top 100 women achievers of 2024.

Smt. L. Rani Rudrama Devi
Vice-Chairperson,
Vignan Group of Educational Institutions.

The Name you Trust

Our Group

Vignan is the one and only educational establishment in both the states of Andhra Pradesh and Telangana which strives to produce quality students right from the Pre-Primary to the Post-Doctoral levels. We alone understand the changing goals and learning objectives of a student at each and every stage of his life with the shifting standards of requirements everywhere. As a result, we have gradually grown and expanded into an educational empire over a period of 4 decades with our galaxy of institutions which consist of

- 18 Schools
- 5 Jr. Colleges
- 7 Engineering Colleges
- 3 Pharmacy Colleges
- 1 P.G. College
- 1 Law College
- 1 B.Ed. College &
- The Vignan University

all flourishing with over 70,000 of students on their rolls. Thanks to the recognition and appreciation of our endeavours by the students and parents, and to the sincere efforts of our dedicated teachers, we occupy an enviable place in the firmament of education today.

Our Institutions in Hyderabad

A Temple of Learning

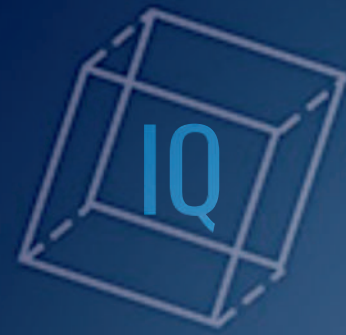

Our Campus

We, at Vignan, always believe that our institutions should be spacious and located in peaceful surroundings away from the urban pollution and distractions. All the campuses of Vignan are well designed and built with a purpose. Along with well-planned infrastructure, Vignan has huge playgrounds with separate facilities for various games and sports. The hostels and residential areas are within the premises yet at a reasonable distance that does not disturb the academic activities. At Vignan, the location, the surroundings, the buildings, the landscape and the playgrounds, or in one word, the entire infrastructure is conducive to the mental and the physical growth of the child.

Grooming Leaders

Our Special Curriculum

Vignan Schools follow the Complete and Comprehensive System of Evaluation (CCE), the same system recommended by the CBSE for testing students. The novelty of the CCE is that, instead of testing students solely academically, it also assesses their holistic learning to determine if their Intelligence Quotient (IQ), Physical Quotient (PQ), Emotional Quotient (EQ), and Social Quotient (SQ) are steadily improving.

$$a+2ab+b=(a+b)(a+b)=(a+b)^2$$
$$a-2ab+b=(a-b)(a+b)=(a+b)(a-b)$$

$$\frac{ad+bc}{bd}$$

$$\sum_{k=1}^n k = \frac{n(n+1)}{2}$$

$$d = \sqrt{(x_2 - x_1)^2 + (y_2 - y_1)^2}$$

$$(z+y+z) = z+y+z+2xy+2yz+2zz$$
$$(z+y-z) = z+y+z+2xy-2yz-2zz$$
$$(z-y+z) = z+y+z-2xy-2yz+2zz$$
$$(x-y-z) = x+y+z+z-2xy+2yz-2zz$$
$$x+y = (z+y) + (z-y)$$

Learning by Experience

The Intelligence Quotient

Each child is smart in the use of a particular faculty. Some are visual smart, some are auditory smart and some are kinesthetic smart. A particular child's IQ or academic calibre is improved if he learns in that particular style.

At Vignan, we follow a multi-modality learning curriculum that trains our students to reach successful levels of understanding by using their various faculties and intelligence. In this way a child who is a passive recipient is transformed into an active student.

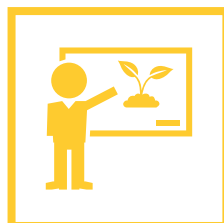

Our Text Book Series

Vignana Samhitha, Vignan Chirag, Fostering Global Power, Discover Zero to Zenith, Beyond Grey Cells and Young Explorers are the names of our text book series for classes I to V - all prepared by our teams of experienced and talented teachers under the guidance of resource persons and subject coordinators. Hence all the contents found in these books are based on the empirical evidence gathered over years of our working with the toddlers. We have taken utmost care to integrate the content and concept of the lessons (from classes I to V) with excellent textual exercises and worksheets designed to enhance the creative thinking of the child.

Our Pace Book, an Innovation

As is the case with no other institution, our Vignan has introduced a Planner for Academic, Curricular and Extra-curricular activities in its schools. The Vignan's Pace Book, as it is called, is designed with the sole intention of keeping the parents constantly updated about the learning of their children at school. It contains an hourly plan for each subject with respective teaching aids, activities and events designed to improve the physical, social, and emotional quotients of the students. The planner includes exam schedules, festivals and holidays extending through the whole year.

Our Teaching Aids

Vignan uses 60-70 highly efficient working models and teaching aids in every subject to make learning smarter and sharper.

Student Conclave

The Student Conclave at Vignan Schools acts as a forum to bring together the student leaders. This initiative strives to be a unique and effective platform where one can learn as well as contribute to school development.

In Grade 9, students take charge of various committees including Discipline, Sports, Literature, Events, Art and Culture, and Magazine. They actively plan and organize events ranging from smaller assemblies to grand occasions like the Annual Day. This hands-on involvement empowers students, boosting their confidence and fostering the development of valuable leadership skills.

Our Prestigious Examinations

Examinations at Vignan are not formalities or rituals but real tests of students' grasping power, presentation skills, and time management. Held at regular intervals, they train students to answer all questions within the prescribed time while identifying areas where they excel and where they need improvement. Teachers in remedial classes take these insights forward, instilling confidence in students to face any examination, internal or external, with great enthusiasm.

Every question paper is set on the CBSE pattern by the respective subject coordinators. Examinations are conducted under the supervision of specially deputed observers from other branches to ensure fairness and smooth conduct. The external evaluation system, where answer scripts are assessed by teachers from different branches, ensures unbiased and accurate results, leaving no scope for favoritism or hostility.

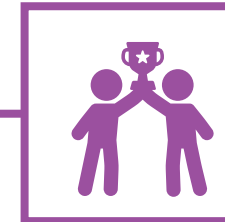

Mentorship

At Vignan, teachers play a vital role as second parents to every child. Through the MENTORSHIP program, teachers assess each child in academic, physical, emotional, and social aspects, providing counseling to foster a well-rounded development. This approach cultivates a robust relationship between teachers and students, creating a supportive learning environment. This type of connection helps to build belongingness while creating a more inclusive pathway to opportunity and success.

The number of successful candidates in the competitive exams given below year wise amply proves that our foundation courses has been really excelling in yielding the expected result.

IIT JEE/NEET PRE-FOUNDATION COURSES

Vignan has an unique coaching programme, from the high school level onwards to train the students for the competitive examinations like IIT-JEE and NEET in future. The course content is designed in such a manner that it motivates students to go beyond the usual school curriculum and acts as a source to strengthen the basic concepts of science and mathematics. In due course, we aim to develop students' IQ, logical and analytical thinking with the right time management skills.

This exclusive coaching is offered by the specially trained and experienced, senior faculty. Regular online tests and examinations are conducted and the students' progress is evaluated in a scientific manner. The parents are kept informed about the progress of their children constantly.

Pre-recorded videos in collaboration with TCS iON help the students in building a strong base and clearing the concepts at any point in time.

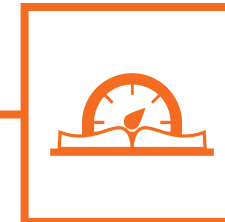

Our Steps for Building Confidence, The Olympiads

Vignan feels that in view of the cut-throat competition prevalent in all the fields now a days, students require to be trained and encouraged to take part in the various national and international Olympiads like the

- National Talent search Exams
- National Astronomy Olympiad
- All India Mathematics and Science talent test, unified council
- Edurinet Intellectual
- International Olympiad of English, Mathematics and Science etc.

well in advance in order to gain confidence in facing the various competitive exams in the future.

The Remedial Classes, our Extra Care for Slow Learners

Students facing difficulties in learning are identified after every assessment, and additional classes are conducted for them for fulfilling their learning gaps. By paying close and personal attention and laying a proper academic foundation our teachers help them improve their performance and fall in the right track in no time.

Giving Shape to Ideas

Our Ultra Facilities

Vignan always keeps itself abreast with the fast advancing strides of science and technology. We provide all the following infrastructure facilities for our students for encouraging them to take bigger strides in pursuing their studies.

All these labs and halls are always accessible to the students throughout the school hours, with lab assistants, technicians etc., ever ready to help them in every respect.

Channelising Energy

The Physical Quotient

Active participation in sports and training in physical fitness is an important element in the academic and social development of the child. The positive effects of these activities are not just limited to childhood alone, but they extend to the later life of adulthood as well.

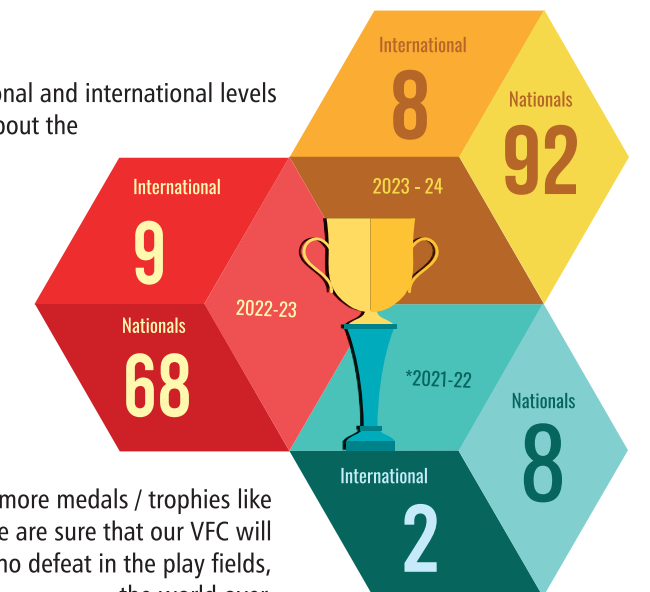

With this understanding, Vignan has conceived a comprehensive Leap Start Programme in sports and physical fitness, called Vignan Fitness Curriculum (VFC). The programme provides an arena for the children from grade I to V to improve their physical fitness. This philosophy is backed by our team of 26 certified coaches specializing in various sports and games, ensuring a well-rounded sporting experience for our students. The VFC unique programme consisting of the following features.

- It is holistic in nature and variously designed for different age groups
- It brings everyone under its cover
- It is executed by highly qualified P.E.T's
- It has active schedules, also providing a lot of fun
- It is perfectly integrated with academic curriculum
- It gives priority to wellness concepts in the curriculum

The VFC is divided into three grades on the basis of the age groups /classes

- VFC1 for Class I
- VFC2 for Class II and III
- VFC3 for Class IV and V

The following trophies won by Vignan at the national and international levels during the 3 years consecutively speak volumes about the undoubted impact of the VFC on its youngsters.

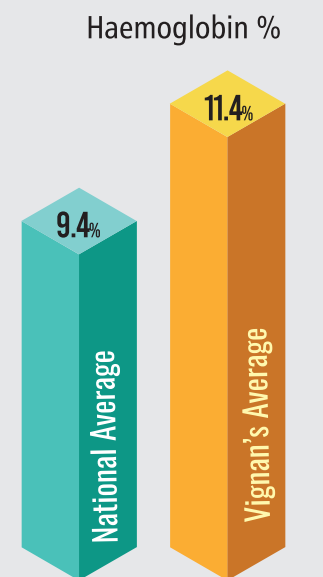

We expect to win more and more medals / trophies like these year after year as we are sure that our VFC will make us know no defeat in the play fields, the world over.

* Cancellation of many national & international events due to COVID-19 pandemic

Our Vast Play Grounds & Great Variety of Sports

Specially designed for raising the physical & mental stamina of the students.

The following bar-chart shows how Vignan excels in making its young students stronger and healthier than the others in the country around itself.

Vignan is committed to make young India HEALTHY & STRONG

Home Away from Home

Our Hostels

We believe that the best place for a child after his school hours is his home. Nothing can substitute parental affection and care. However, some parents are compelled to keep their children in hostels for various reasons. For such students Vignan provides a comfortable accommodation. A lot of thought is spent in designing our hostels. The rooms are well ventilated, hygienic and are real models in the utilization of space. Special care is taken about all the students after the school hours. A well-planned and effective study schedule is carried out under the guidance of the subject teachers, during the time.

Akshaya and Amritha

Our Food

Nobody cares like a mother when it comes to feeding a child. Nutritious food is essential for the physical and mental growth of the child. In all our hostels, we serve tasty and nutritious food on time in abundant quantities. We always encourage visiting parents to dine with their children, free of cost, allowing them to have firsthand knowledge of the quality of food served. The Chairman, teaching and administrative staff, all share the same meal with students to ensure that quality is maintained at all times.

Moreover, students are also groomed in dining etiquette, including eating and sharing in groups and avoiding wastage when they sit for their meals in the common dining hall. A mineral water plant provides purified water to our students, and solar heating facilities enable hygienic cooking while also providing hot water for bathing.

Great Voyages Start Here

Our Transport

Vignan has an exclusive transport department equipped with a large fleet of buses dedicated to transporting students and staff to and from their homes. Regular orientation programs are conducted for drivers in accordance with guidelines laid down by authorities to ensure the safety of students.

Teachers are encouraged to travel in school buses, fostering a sense of responsibility among transport and escorting staff regarding the safe conveyance of students. Only well-qualified and experienced personnel are appointed to operate the buses, ensuring maximum safety and security for the commuters.

The Power of Expression

The Emotional Quotient

Our Special Care and Concern

Each one of us has his own thoughts, emotions, senses, and imaginations which make him a unique individual. These personality traits, if properly guided and nurtured, will help the emotional development of a child to become a balanced and integrated individual.

Sloka Recitation and Story telling:

These classes help children learn the value of forgiveness, compassion, gratitude, appreciation etc. besides improving their vocabulary and pronunciation.

Art and Cultural

We believe that appreciation of Arts helps the refinement of a person. So we expose each child to the influence of art, music, dance, craft, drawing, and painting etc.

ART

PAINTING

MUSIC

DANCE

DRAWING

DRAMATICS

CRAFT

POTTERY

TRAINING

Moulding Leaders

The Social Quotient

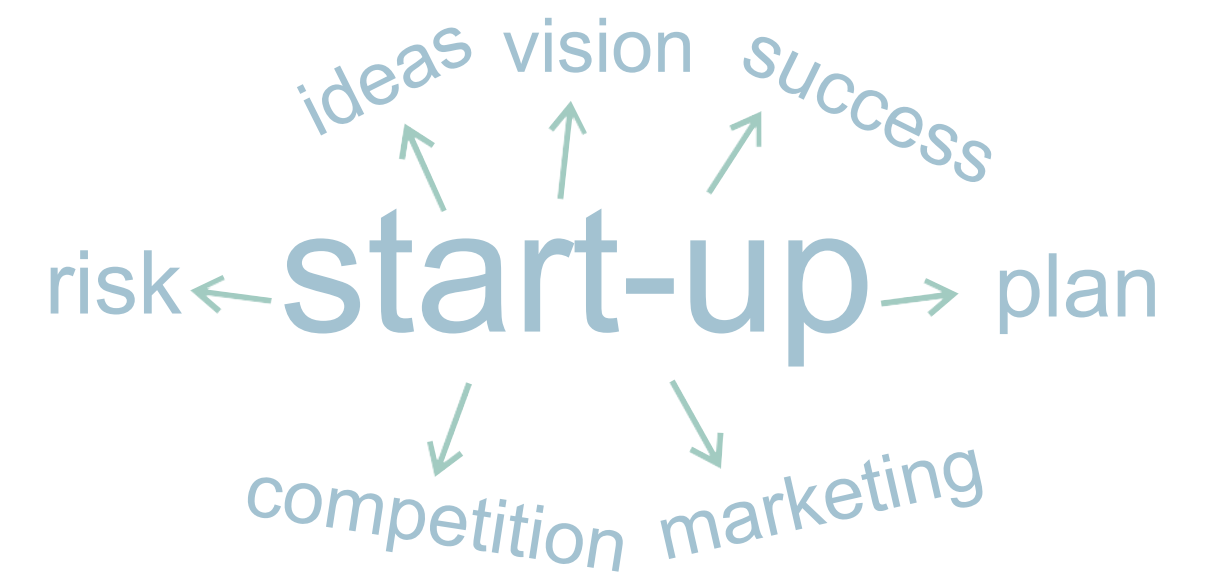

Today, it is not just enough to be a successful employee; instead, one should always aim to be a leader in his profession for which some social awareness and good communication skills are very important. These intra and inter personal skills are nurtured in our children from a very early stage through our various events and activities during the academic year.

Entrepreneurship Curriculum

Empowering Student Leaders

To elevate our country from the job-seeking to the job-providing level requires sustained efforts to instill an enterprising nature among our children. With this goal in mind, we focus on developing creativity, confidence, risk-taking ability, and alertness about opportunities through multiple stories, case studies, and examples in our classes. We have also formed partnerships with many international reformed coding labs, STEAM robotics labs, AI/VR labs, and the Atal Tinkering Lab for future explorations.

Happy Classes

Not by choice but by Practice

Good education must provide not only knowledge and skills but also values and attitudes that enable the students to promote their own growth as well as that of the society. In happy classes, the inner mechanism of children is improved through meditation, fables and anecdotes for the betterment of their outward behaviour.

National Cadet Corps (NCC)

Nurturing Students, Creating Leaders

National Cadet Corps or the NCC, is the largest and most elite youth development organization managed by the armed forces of India. It believes in its motto, "Unity and Discipline" and dedicates itself to the overall development of the youth.

NCC was established in Vignans Bo Tree School in the academic year 2021-2022 with Troop No. 03 attached to 4 Telangana Battalion, Secunderabad - 94. A hundred cadets from classes VII and IX are selected for this troop. Selected cadets are given regular training twice a week besides participating in camps and other centrally organized activities of NCC. Today, former cadets hold a very high reputation and have excelled in the field of governance, defense, academics, acting, medicine, engineering, industry, or in a nutshell, in every nation-building endeavour. It all shows that the task of "Grooming Tomorrow's Leaders In All Fields" has been well exerted over the years.

Pursuit of Excellence !!

TEDx VignansBoTreeSchool
x - independently organized TED event

TED brings ideas - ideas that ignite conversations, ideas that cater to change and ideas that transform the world. Technology, entertainment, and design come together to deliver these ideas to a global community. TEDx reflects the mission of its parent platform – “ideas worth spreading” and brings the spirit of TED to local communities around the globe through its events. The speakers come from varied backgrounds of being educators themselves, social entrepreneurs, sports persons, policymakers, and leaders.

The first edition of TEDxVignansBoTreeSchool was organized on the 9th of February 2020 with the theme “*Unorthodox Perspectives*”. The event aimed to give listeners an interesting new outlook on seemingly monotonous everyday things. TEDxVignansBoTreeSchool resumed the journey for its second season on the 18th of June 2022, with a promise of “*Reversing the mainstream notions*”. The talks intend to have the audience question why the term 'mainstream' ever originated and how to question or challenge those “*mainstream notions*”. Notably, the third edition in August 2023 centered around “Sustainable Success,” aiming to provoke curiosity and broaden perspectives.

It's a proud achievement for Vignan Schools Hyderabad to be the only school in Hyderabad to host TEDx events three times.

Sports For All (SFA) Championship

Five-time Champions, Forging a Legacy of Excellence

The Sports For ALL (SFA) championship is an annual inter-school sports event, akin to the Olympics, where prominent athletes from Hyderabad schools compete across 25 sports disciplines. This competition involves 180 schools vying for the esteemed title of the *"No. 1 School for Sports in Hyderabad"*. Notably, Vignan School stands out as the sole institution to have clinched the championship consecutively for FIVE time showcasing its exceptional prowess and commitment to sports excellence.

At Vignan, we champion a comprehensive approach to education, where the importance of learning extends beyond the classroom to the playing field. Supported by our team of 26 certified coaches specializing in diverse sports and games, we strive to provide students with a well-rounded and enriching sporting experience.

Helping Hands

Love of Humanity

For learning about social responsibility, empathy, and value of service, children are provided with opportunities to participate in various charitable programmes.

Swachh Bharath

Our students actively participated in India's biggest cleanliness drive-Swachh Bharath. Our NCC students joined hands in sweeping the school premises, cleaning up the garbage, focusing on sanitation and maintaining a hygienic environment.

COVID 19 Relief Fund

In response to the unprecedented COVID-19 pandemic, we have extended a financial assistance of 25 Lakhs to CM Relief Fund- Telangana.

Vaccination Drive

The school has partnered with the state health department and conducted a vaccination drive against Covid-19 for its teachers, staff, parents, neighbours and the people in the vicinity. Extensive arrangements were made to ensure all those who reached the school were administered the vaccine.

Food Donation

Vignan Schools have taken an initiative by donating food to the needy from the store of the school community.'Being generous is being human'.

Cyclothon

Our school students have organised awareness cycle rally and urged all to celebrate festival of lights Diwali in eco-friendly way. Students promoted everyone to burst out together in laughter instead of bursting fire crackers which contribute to noise as well as environmental pollution.

Experience with Expertise

Our Teachers

Training for Teachers

The 2 year Bachelor of Education (B.Ed) programme aims at training teachers not only in respect of teaching the subjects perfectly, but also in addressing the present generation of students in a proper way. We appoint a select few of our B.Ed. trained teachers from Vignan's B.Ed college to our school.

Refresher Courses

A two-month refresher course is conducted for new teachers before regular classes begin. This program focuses on teaching methodologies, curriculum understanding, and classroom management skills. It includes hands-on training, mock teaching sessions, and mentoring from experienced educators to prepare teachers for maintaining high academic standards and fostering holistic student development.

Orientation Programmes

Vignan, renowned for its excellence in research and training, invests approximately 580 hours annually in the professional development of its teaching staff. This includes providing opportunities for teacher training given by the premier institutions like IISc Bangalore, HCU Hyderabad, TISS Mumbai, SCERT New Delhi, and facilitating the acquisition of various national-level certifications.

In addition to these initiatives, Vignan ensures continuous growth for its incumbent teachers through a dedicated orientation programme conducted on the second Saturday of every month. During these sessions, teachers from all branches come together to prepare teaching notes and lesson plans while enhancing their knowledge and teaching skills under the expert guidance of resource persons and subject coordinators.

Our Coordinators

An academic coordinator is one who has a thorough knowledge of the subject and also a vast experience in guiding teachers. He is also the head of his department who monitors the teachers' class room work and supervises the performance of the students in the examinations. We have an excellent batch of coordinators who are all proficient in their respective subjects and work day and night for the constant up-keep of the school on the academic front.

Teachers' Welfare

Vignan is a second family for all its teachers as it treats them as part of its establishment. We regularly organize picnics and retreats for their relaxation and recoupment. This not only keeps them fresh and energetic throughout the year, but also helps to forge a personal bond between them and the school. We also acknowledge their merit by honouring them with awards and rewards on important occasions like the Teachers Day etc. Because of these healthy practices followed by us, the teachers of Vignan remain associated with it throughout their service period and even beyond.

Partnership to Remember

Our Regard for Parents

Paying a visit to the parents at home is one of the unique practices followed by Vignan. Our teachers visit their students' homes once in every year in order to forge a healthy social relationship between the school and the parents.

Visiting the Parents at Home

Pastimes / Fun Games

Several fun games by way of a get together are conducted for the parents, in order to satisfy their nostalgia for childhood.

PTA Meetings

We consider parents as partners in the development of our institution. Every parent is therefore treated as a bonafide guest on our campus. As parent-teacher meetings play a vital role in building a successful relationship between the two. Also because we conduct such meetings regularly the parents come to know about their wards directly from the teachers and make any suggestions etc. to them if any.

Diversion for Parents

We understand that parenting is one of the most challenging and rewarding tasks in the life of a couple. In order to ease their tension, we conduct regular workshops for the parents on several topics like crises of adolescence, effects of internet, peer group influence etc. under the guidance and supervision of learned scholars in such disciplines.

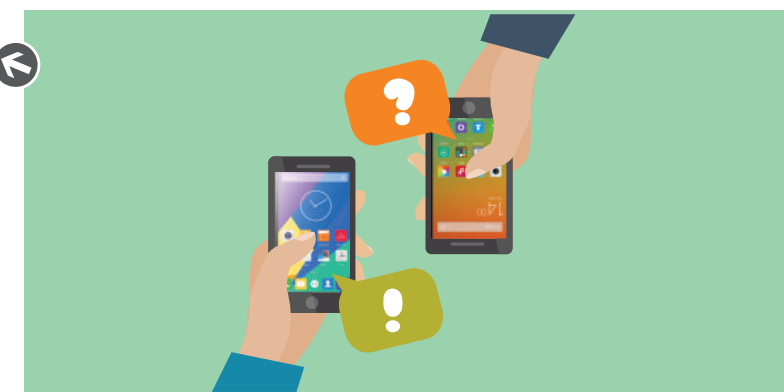

School Knot App

Vignan has partnered with the "School Knot App" to provide parents with daily updates on their children's attendance, exam schedules, assignments, holidays, and more at the school.

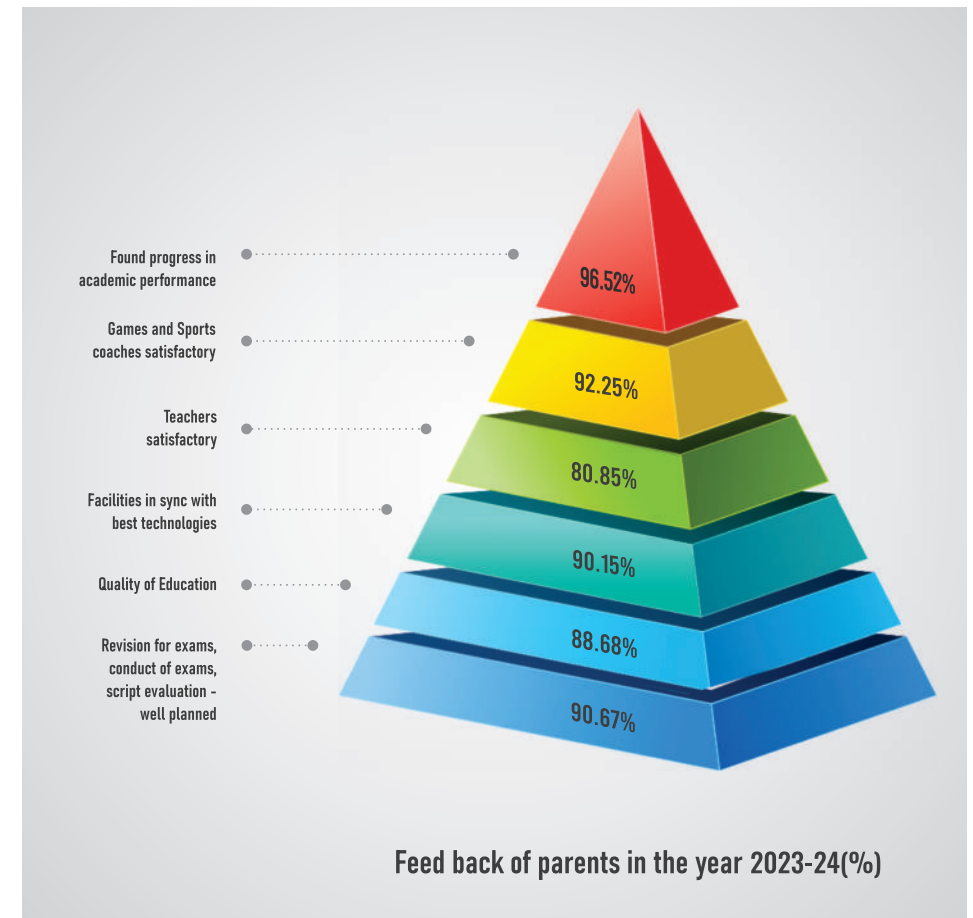

Mobile Contact with Teachers

Mobile numbers of all the teachers-in-charge are given to the parents for any immediate enquiry, information, assistance etc with regard to their wards.

Feed back About School

After every semester an exhaustive feed back is taken from each and every parent about his opinion regarding the academic matters, staff & facilities at the school. After a thorough analysis of all the feedbacks, appropriate steps are taken as per the suggestions/complaints given by each.

Entries in Guinness Book of World Records & Limca Book of Records

Vignan students performed a unique 36-hour non-stop dance performance. The 32 member team started the unique feat at 9:45 am on May 26, 2003, and ended it at 9:53 pm on May 27, 2003. The girls in the age group of 14-16 years exhibited 350 items in this mind - blowing show.

Award for Best School in Private Sector

Vignan bagged the Best School Award in private sector from Hon'ble Chief Minister of Andhra Pradesh, Shri. N. Chandra Babu Naidu, during Independence Day celebrations in 2002.

Title of Grand Master of the World

Hari Krishna, world chess champion in the under -10 category was the grand master of the world in 1996. He continues to be the youngest grand master of the world even today.

Sports For All (SFA) Championship, Hyderabad - 2024

The Sports For All (SFA) championship is an annual inter-school sports event, akin to the Olympics, where prominent athletes from Hyderabad schools compete across 25 sports disciplines. This competition involves 180 schools vying for the esteemed title of the "No. 1 School for Sports in Hyderabad". Notably, Vignan School stands out as the sole institution to have clinched the championship consecutively for FIVE times, showcasing its exceptional prowess and commitment to sports excellence.

National Level Swimming Tournament

M. Hanuman - X - 50mts. Free Style - Gold Medal, 50mts. Back Stroke - Gold Medal, 100mts. Back Stroke - Gold Medal, 100mts. Free Style - Gold Medal, 200mts. Middy-Silver

World Chess Championship

Our student, G. Rohith, X Class, got a Silver Medal in the Under-14 Category of the World Chess Championship held at Crete, Greece in November, 2002. He was also the chess Gold Medalist in Asian Under-14 Chess in 2003.

National Level Badminton Championship

Asian Sub Juniors Badminton Championship was held at Indonesia, Brunei from August 4th to 10th, 2008. Our student, K. Manish, got 2 ranks in singles, 1 rank in doubles in the Under-16 Badminton competitions.

Success of a Dream - What Experts Say...

Dr. M. Venkaiah Naidu
Former Vice President of India

Dr. Rathaiah is a walking institution & a pioneer educationist in India.

C. Ramoji Rao
Chairman, Ramoji Group

As teaching is taken as a social responsibility by Vignan, it has gained the confidence and trust of lakhs of parents.

Tummala Nageswara Rao
Agriculture, Marketing, Co-operation,
and Handlooms & Textiles
Government of Telangana

The school which serves the society by producing good and responsible citizens is a perfect school and Vignan is one among them.

K.P. Vivekananda
M.L.A., Qutubullapur

I feel very happy and proud whenever I enter the Vignan Campus. I wish to attend Vignanothsav or any other event in Vignan with enthusiasm.

Dr. D. Purandeswari
Political Leader

As the saying goes "Leaders don't do different things but they do things differently". Vignan is a school where each one of you can acquire your leadership qualities.

Jaya Prakash Narayana
President, Lok Satta Party

For more than 35 years, Vignan has extended its services by imparting value based education which is the need of the hour in the society.

Late Dr. C. Narayana Reddy
Telugu Poet & Writer.

Vignan is the birth place of new changes in education anticipating the needs of tomorrow.

Late Dr. D. Ramanaidu
Film Producer

Vignan fosters the best of the Indian values and cultivates a Global outlook. It's really a school the Telegus should be proud of.

Sambasiva Rao Chandu
Scientist

Vignan ignites the intellectual curiosity in every child. It makes him discover, innovate, invent.

V. Dil Raju
Film Producer

Vignan prepares the child not only for the challenges in education, but also for those in all other spheres of life.

Sukumar Bandreddi
Film Director

Every effort is made at Vignan to bring out the skills in the school going child and great care is taken to mould its curiosity into a tangible shape.

Pragyan Ojha
Cricketer

Vignan has enough infrastructure for sports like football, cricket, Volleyball etc and students who aspire to compete at national and international levels find adequate support here.

Chukka Ramaiah
Founder,
Ramaiah IIT Foundation Course

This institution functions under the guidance of the great educator, Dr. Rathaiah; the quality of its faculty and students supplies great human resource to the colleges and universities. This institution is an asset to the Telugu people.

Sandeep Pandey
Social Activist

I thoroughly enjoyed my interaction with the students and was impressed with their mature questions. I wish the best for all the students, teachers and all others involved in running the school.

S. Tanikella Bharani
Film Actor & Writer

The teacher playing the dual role of both the teacher and the parent is important in the present generation, which they have already been doing at Vignan.

Lakshmi Manchu
Cine Artist

I have greatly been impressed with the staff and their hospitality. As I believe education gives us true freedom and wish you utilize it for realizing greater possibilities.

Suman Talwar
Cine Actor

Vignan has always been the trend setter. Many organizations are now trying to emulate it to be able to match with the standards established by it.

G. Srinivas
Joint Secretary UGC,
South Eastern Regional Office, Hyd

A school committed to comprehensive growth of children. My best wishes.

Dr. Shobha Raj
Singer

I love Vignan and its values. I wish to see each student of Vignan emerge as a great human being. God bless you all.

Sunitha Upadrashta
Singer

Every human being is endowed with some talent or the other. Many a time it is hidden. It is the job of a teacher to identify it, bring it out and nurture it. And I feel Vignan is doing this precisely.
