WORLD ONE SCHOOL

Kondapur, Hyderabad

Greatness Inspired
Our Chairman

Dr. Lavu Rathaiah, Founder and Chairman of the Vignan Group of Institutions, is a visionary educationist who has profoundly shaped the educational landscape of Telangana and Andhra Pradesh. Rising from humble beginnings, he transformed educational challenges into a lifelong mission to make quality education accessible to every student.

His philosophy of holistic learning—shaping the mind, character, and spirit of every student—has redefined education by fostering not only academic excellence but also resilience, creativity, and transformative personal growth.

Through his relentless dedication, he has shaped countless leaders across diverse industries, provided life-changing opportunities to many families and communities, inspired educators, empowered generations of students, and left a lasting legacy that continues to transform the aspirations and futures of young minds.

Under his leadership, Vignan has grown from a modest tutorial center into one of the state's largest educational hubs, spanning schools, colleges, and a deemed university, thereby raising academic standards and contributing to the socioeconomic development of entire communities.

Dr. L. Rathaiah
Founder & Chairman
Vignan Group of Educational Institutions

Greatness Renewed
Our Vice-Chairperson

Lavu Rani Rudrama Devi garu, Vice-Chairperson of the Vignan Group of Institutions, is a leader dedicated to shaping the future of education. Recognised as one of the Top 100 Women Achievers of India by India Today in 2023, she is a leader par excellence with a deep understanding of the evolving educational landscape.

With unwavering dedication to keeping Vignan not only relevant but also ahead in the 21st century, she brings strategic vision, innovative thinking, and a keen sensitivity to students' needs to every initiative. Deeply committed to fostering creativity, critical thinking, and holistic development, she works tirelessly to empower students, inspire educators, and strengthen Vignan's positive impact on communities across Telangana and Andhra Pradesh.

Smt. L. Rani Rudrama Devi
Vice-Chairperson
Vignan Group of Educational Institutions

28 Acre BIGGEST CAMPUS IN CYBERABAD

WHAT SETS US APART!

HEALTHY SPACES

Established in 2013, our campus spans 28 acres in the heart of the city, nestled within a serene landscape. With futuristic classrooms designed to maximize natural sunlight and ventilation, along with state-of-the-art infrastructure, we stand as one of the largest and most reputed schools adhering to international standards.

CBSE CURRICULUM

The CBSE (Central Board of Secondary Education) curriculum is widely respected for its comprehensive approach to education, emphasizing academic rigor, skill development, and practical application. The curriculum is designed to provide a well-rounded learning experience, aligning with the latest educational standards and promoting holistic student growth.

TEACHING AND LEARNING APPROACH

Our CBSE curriculum is tailored to nurture young minds through experiential learning and a child-centred approach. This includes hands-on activities that make learning engaging and meaningful for our students. To align with experiential learning and NEP guidelines, grades 1 to 5, textbooks and work books for grades 1 to 10 are thoughtfully designed by subject experts, ensuring a modern and relevant educational foundation. Every lesson in every subject involves 2 to 3 activities to make concepts clear.

CURRICULAR ACTIVITIES

Activity Pageants showcase subject -based skills that students have developed, providing parents and the school community with a glimpse into the students' growth and hard work in academics.

EXAMINATIONS SYSTEM

Written examinations are strategically scheduled throughout the academic year which includes, monthly concept-based tests (CBT), periodic assessment, term assessment. The question papers are designed to align with the board examination pattern, focusing on application-based questions and an innovative questioning approach. This ensures that our students are well-prepared to think critically and creatively when facing real-world challenges.

EDUCATORS

To ensure the highest quality of education, World One invests in the continuous professional development of its CBSE educators. Our teachers participate in 584 hours of orientation programmes conducted by CBSE, ISC (Bengaluru), SCERT (New Delhi), HCU, and TISS.

These training sessions focus on innovative teaching methodologies, real-world application of concepts, assessment strategies, and classroom management techniques, equipping our faculty to effectively meet the diverse needs of students.

CAMBRIDGE CURRICULUM

At our school, we embrace the Cambridge curriculum as the foundation of our students' education. The Cambridge curriculum is internationally recognized for its holistic and rigorous approach to learning, designed to cultivate critical thinking, creativity, and lifelong learning skills among students. Originating from the prestigious University of Cambridge in London, UK, this curriculum encourages independent learning, helping students become more adaptable and well-prepared for higher education and their future careers.

At World One School we integrate engaging assignments, hands-on projects, written examinations, and diverse activities that encourage a comprehensive and dynamic learning experience.

1

TEACHING AND LEARNING APPROACH

Assignments and projects form the backbone of our curriculum, enabling students to explore subjects deeply and creatively. These projects are often interdisciplinary, encouraging collaboration, research, and presentation skills. Field trips are a highlight of the program, serving as an extension of classroom learning and providing students with hands-on, real-world experiences.

2

CURRICULAR ACTIVITIES : Culmination Day, Literary Festivals, Science Fairs, and a host of national and international events form the backbone of our vibrant academic calendar.

Culmination Day stands out as a hallmark celebration where students proudly present their projects, performances, and skills. Our school also upholds a rich tradition of hosting literary festivals and science fairs - dynamic platforms that nurture creativity, innovation, and expression.

3

ASSESSMENT SYSTEM

Written examinations are scheduled throughout the academic year to assess students' understanding and retention of key concepts prepared by third parties. These exams are structured as objective, descriptive, analytical, and project-based viva, ensuring learning across various cognitive, logical and reasoning skills.

4

EDUCATORS

Our Cambridge educators engage in continuous professional development through structured training programmes and workshops. These sessions focus on effective teaching strategies, curriculum delivery, and assessment methods aligned with Cambridge standards.

PRE-PRIMARY & CAMBRIDGE EY

At World One School, our pre-primary programme integrates both the Cambridge Early Years (EY) and CBSE curricula, offering a rich and diverse educational foundation for young learners. We foster creativity, critical thinking, and social interaction - laying the groundwork for lifelong learning.

Our approach blends structured instruction with play-based exploration, nurturing the whole child and helping them develop confidence, curiosity, and essential skills to thrive in future academic stages and beyond.

OUR UNIQUE FEATURES

INNOVATIVE PEDAGOGICAL PRACTICES

We believe in adopting innovative pedagogical practices that go beyond traditional teaching methods. Our teachers are trained to use creative and modern approaches to enrich the learning experience of our students. We employ AI, project-based learning, blended learning, and personalized learning to help students develop critical thinking, problem-solving, and collaboration skills. Our goal is to equip students with the knowledge and abilities they need to thrive in the modern world.

OLYMPIADS

We offer specialized classes for our students, supported by carefully curated materials, to strengthen their logical reasoning, analytical thinking, problem-solving, and aptitude skills. These sessions are designed to help students excel in prestigious international competitions such as the Global Knowledge Challenge, the Science Genius Contest, NTSE, SOF, ITO, and the International Talent Assessment. By participating in these exams, students gain the confidence and skills necessary to succeed in national-level competitions after the 10th grade.

IIT JEE/NEET PRE-FOUNDATION

Our CBSE Integrated Pre-Foundation Programme offers a structured offline learning experience for students in Grades 6 to 9, blending school academics with early preparation for IIT-JEE and NEET. The curriculum focuses on strengthening fundamentals in Science, Mathematics, Mental Ability, and Logical Reasoning through a progressive, grade-wise approach.

Regular offline classes, practice tests modeled on competitive examinations, and focused mentoring enhance IQ, EQ, and problem-solving skills, thereby building a strong foundation for future success.

RECORD-BREAKING PERFORMANCE IN CLASS X

We are pleased to share the outstanding results of our Grade X students for the academic year 2024–2025, bringing immense pride to World One School. Our toppers, Rashi Chand secured 487/500 marks (97.4%) and Sarvana Sai Charan secured 486/500 marks (97.2%), setting a benchmark for excellence, while several other students followed with equally remarkable scores, including Bhanu Vanjari and Siva Deepika who both secured 483/500 marks (96.6%). In total, five students scored above 480, nine above 470, and four above 460, reflecting the consistent brilliance across the batch. Subject-wise achievements were equally impressive, with two students scoring a perfect 100 in English, one in Mathematics, two in Second the Language, alongside near-perfect scores in Social Studies and Science. These extraordinary accomplishments highlight the dedication, perseverance, and academic strength of our students, making this record-breaking performance a proud milestone for the entire school community.

OUR PACE BOOK - AN INNOVATION

Unlike any other institution, World One has introduced a planner for academic, curricular, and extracurricular activities in its schools. The World One Pace Book is designed with the sole purpose of keeping parents consistently informed about their children's learning at school. It contains an hourly plan for each subject, along with corresponding teaching aids, activities, and events aimed at enhancing the physical, social, and emotional development of students. The planner also includes exam schedules, festivals, and holidays spanning the entire year.

ACADEMIC SUPPORT AND SKILL ENHANCEMENT PROGRAMME (ISP/PDP)

This program focuses on individualized support for students who face challenges in their learning journey. After assessments, students requiring additional help are identified and provided with tailored classes to meet their specific needs. Teachers offer focused attention and academic guidance to help students improve and regain confidence.

Grades III-VIII : Weekly two-hour sessions are conducted under the Individual Support Programme (ISP), focusing on core academic areas.

Grades I-II : The Personal Development Programme (PDP) is offered to build confidence and enhance English-speaking skills, fostering holistic growth from an early age.

COORDINATORS

An academic coordinator is a professional with thorough subject knowledge and extensive experience in guiding teachers. The coordinator leads the department, monitors classroom teaching, and supervises student performance in examinations. At Vignan, we have an excellent team of coordinators who are highly proficient in their respective subjects and dedicated to maintaining the school's academic standards. Their commitment ensures the continuous growth and success of our students.

DEVELOPMENT INITIATIVES

THINK EDGE ROBOTICS CLASSES

Our school offers Think Edge Robotics classes for Grades 3 to 8, focusing on robotics, AI, and programming in alignment with NEP 2020.

The program emphasizes project-based learning, enabling students to develop essential 21st-century skills such as creativity, problem-solving, collaboration, and critical thinking. Through hands-on projects, learners are encouraged to innovate and are well prepared for future technological advancements.

INTER - BRANCH COMPETITIONS

Inter-Branch Competitions bring together students from all eight branches, fostering a spirit of healthy rivalry and collaboration. Held monthly across Literary, Sports, and Cultural categories, these contests are organized by dedicated clubs that train and mentor students to excel.

With auditions conducted on campus, participants gain a platform to overcome stage fear, showcase their talents, and build confidence. The journey culminates in a grand finale-a vibrant celebration of achievement, creativity, and teamwork that unites the entire Vignan student community.

HYDERABAD'S LARGEST SCHOOL SPORTS ARENA

World One School, Kondapur has unveiled Hyderabad's largest school sports arena, consisting of 2 Basketball courts, 2 Tennis courts, 2 Foot ball grounds, 2 Amphitheatres, 1 Cricket ground, 3 Cricket net practice arena, 2 Pickle Ball courts, 2 Futsal courts, 1 Skating rink, 1 Volley ball court, 1 Kho-Kho ground, 1 Long Jump ground,1 Running Track.

This dynamic space empowers students to train, compete, and grow in a vibrant, world-class environment that reflects the school's commitment to holistic development.

TEDx AT WORLD ONE SCHOOL

World One School is an internationally licensed institution and one of only three schools in Hyderabad authorized to host TEDx events. These platforms empower students to take the stage as speakers, exposing them to fresh ideas, innovative thinking, and the craft of public speaking. By connecting with professionals, innovators, and like-minded peers, students broaden their horizons and amplify their voices in alignment with TED's global mission to spread ideas that improve the world.

MUN

Model United Nations (MUN) at World One School provides a dynamic platform where students step into the roles of global delegates to debate real-world issues with diplomacy, research, and eloquence. The programme nurtures critical thinking, public speaking, and cross-cultural understanding, empowering participants to engage with international challenges and propose thoughtful solutions. Through representing nations and drafting resolutions, students hone negotiation, leadership, and respectful discourse - skills that extend beyond the classroom and shape them into future change-makers.

STUDENT CLUBS

Student clubs are the heartbeat of holistic development at World One School, offering enriching opportunities beyond the classroom. From sports and cultural pursuits to literary societies, home science, and entrepreneurship, each club cultivates skills, confidence, creativity, and leadership. Through community initiatives such as charity drives and partnerships with NGOs, students develop responsibility and civic awareness. Together, these clubs create a vibrant environment where every child discovers passions, builds character, and unlocks their full potential.

ACTIVITY PAGEANT

Learning by Doing, Celebrating through Sharing

True understanding of a lesson goes beyond textbooks-it is best achieved when every student actively participates in hands-on, engaging activities that bring learning to life.

At World One School, we believe in the power of experiential learning. That's why, in every subject and every lesson, a minimum of two to three well-planned activities are integrated into the teaching process. To celebrate this vibrant approach to learning, we proudly host the Activity Pageant, a special event where students showcase selected classroom activities to parents.

Happy Classes

The aim of education is not only to impart knowledge and skills, but also to instil values and attitudes that enable students to contribute meaningfully to society. At World One School, we believe that a happy and positive learning environment is essential for children's holistic development. Our curriculum integrates practices such as meditation, fables, and anecdotes that nurture inner well-being, strengthen emotional balance, and promote positive behaviour.

No Book Day

Today's generation must be guided not only in academics but also in values such as responsibility, kindness, and compassion. At World One School, every Saturday is dedicated to these aspects through No Book Day, offering children a refreshing break from routine academics. On this day, students participate in literary, sports, arts, and cultural activities. The program also includes workshops, field trips, picnics, movie screenings, mental health days, fitness days, and special celebrations, making learning joyful, balanced, and meaningful.

Events and Celebrations

A 21st-century child needs balanced development across all dimensions—intellectual, physical, emotional, and spiritual. At World One School, we design an annual calendar that thoughtfully integrates all these aspects. The calendar includes important global days, festivals, workshops, community outreach programmes, field trips, and picnics. We ensure that every child participates in these events, helping them build confidence, broaden perspectives, and work towards their future goals.

Shop Without Shopkeeper

Nurturing values at a young age is essential. At World One School, we have introduced an innovative programme called Shop Without Shopkeeper for students from Grades 3 to 7. This activity provides children with hands-on exposure to real-life shopping while catering to their basic needs.

Students select the items they require, place the correct amount of money, and take the change if needed—all without a shopkeeper. Through this process, they strengthen essential mathematical skills such as addition, subtraction, multiplication, and division. At the same time, the absence of supervision encourages honesty and self-discipline. This engaging activity beautifully blends value education with practical learning, helping children learn maths and honesty in a fun and meaningful way.

Student Conclave

The Student Conclave at World One School acts as a forum to bring together student leaders. This initiative strives to be a unique and effective platform where students can learn and contribute to school development. In Grade 9, students take charge of various committees, including Discipline, Sports, Literature, Events, Art and Culture, and Magazine. They actively plan and organize events ranging from smaller assemblies to grand occasions like the Annual Day. This hands-on involvement empowers students, boosts their confidence, and fosters the development of valuable leadership skills.

Cafeteria

At World One School, we believe that healthy eating is the foundation of effective learning. Our cafeteria serves meals that are both nutritious and delicious, ensuring students stay energized and focused throughout the school day. Wholesome meals are provided during break and lunch times, supporting better concentration and sustained energy levels.

A balanced weekly menu is carefully planned to meet students' nutritional needs while minimizing excessive sugars, salt, and unhealthy fats, thereby promoting long-term wellness and healthy eating habits. The cafeteria also follows strict hygiene and cleanliness standards, ensuring a safe and sanitary environment for all students.

Parental Relations

1. Five formal and two informal parent meetings are conducted each year to keep parents informed and engaged in their child's progress.
2. Contact numbers of each class in-charge are provided to parents for communication after school hours.
3. Term-wise feedback is collected from parents through structured questionnaires, enabling the school to incorporate valuable suggestions for continuous improvement.
4. Parents are warmly invited to participate in every event and celebration at our school, fostering a strong partnership between home and school.

Students Awards

At Vignan Schools, we recognize and celebrate the diverse skills and talents of our students. Each month, students are honored with award certificates in categories such as:

Best Artist Award, Budding Scientist, Cheer Master, Excellent Effort Award, Full Attendance Award, Humble Bee, Math Whiz, Student of the Year, Super Speller, Super Stamina Award, Technology Whiz

These awards encourage students to pursue their passions, build confidence, and develop a positive attitude toward learning and achievement.

Co-Curricular Activities

1. Moral values and General Knowledge classes.
2. Computer education with a 1:1 machine ratio.
3. Art and Craft period (Grades I to V).
4. Handwriting improvement classes (Grades I to V).

ACADEMIC ACTIVITIES OFFERED

1. Science Olympiad Foundation (SOF)
2. Indian Talent Olympiad (ITO)
3. Humming Bird - Maths and Science

* All students from Grades I to VIII are offered at least one Olympiad exam.
* Students receive training twice a week to prepare for these Olympiad exams.

Parent's & Student's Commendations

It was an amazing experience for parents to watch the children showcase their motor skills. A delightful blend of learning and fun - both the children and the parents thoroughly enjoyed the activity. We look forward to more such events. Thank you, ma'am.

- Mrs. Archana G
Parent

My daughter has been studying here for two years and is now in Grade 2. The campus is excellent—lush greenery, a spacious playground, and well-maintained classrooms. The staff are dedicated and provide attentive, effective teaching. This is a wonderful school for children in the city, with meaningful extracurricular activities and memorable sports day celebrations.

- Mrs. Shalini Mandali
Parent

We are very happy with the Cambridge programme. The teachers give personal attention to every child and help them do their best. Children are encouraged to participate in activities and events, which builds their confidence. We truly appreciate the teachers for their care and support.

- Mr. Shashank Pandey
Parent

One of the best schools for a child's holistic growth. Special thanks to Sayama Ma'am for her constant support and for instilling confidence in the children.

- Nini Paru Ashok
Parent

World One School Kondapur offers a nurturing, well-structured learning environment with a strong focus on academics, values, and overall child development. The management and teachers are caring and approachable, fostering curiosity, creativity, and confidence in every student. The school's facilities and teaching methods truly support holistic growth.

- Mr. Abhishek Nema,
Parent

The school sports day event was well-organized, and it was nice to see students, teachers, and parents come together to create competitive spirit and sportsmanship amongst the students. Kudos to the school management, especially teachers for organizing such a wonderful event.

- Mr. Aanandraj
Parent

My school has always supported me in every way. It offers a wide range of extracurricular activities that helped shape a new version of myself by giving me opportunities to explore entrepreneurship, netball, event management, and more. World One School is a place of playful learning where friendships flourish and dreams take root.

- Anusha - 10 A
Student

World One School offers a well-rounded education, blending strong academics with communication skills, sports, and character building. Our children love school and thrive in every way. We salute Vignan Rathaiah garu's vision, Rudrama Devi Madam's passionate leadership, and the dedicated Principal, teachers, and PT sirs. Proud to be part of the Vignan Schools family.

- Mrs. Sravani Bandlamudi

World One School Kondapur is an excellent place to study. The campus is spacious and verdant, and the teachers give individual attention to every student, helping them perform their best. The principal maintains regular communication with students and parents, and the faculty works diligently to keep learning on track. We appreciate the school's commitment to our child's education.

- Mr. Kuldeep Singh
Parent of Shaurya Singh - VII

The school's eco-friendly campus is truly refreshing, and the warm, constructive interaction between teachers and students is excellent
